Introduction

The Base Budget Line Item Detail, 2023-25 is the baseline for the upcoming biennium. It details the Governor's recommended fiscal plan for continuing operations of the state of North Carolina for the upcoming biennium.

The base budget for each state agency represents the authorized budget for that agency with certain allowable adjustments (see "Base Budget" under Definitions below).

The various agencies of state government are grouped by the following functions, with a separate Base Budget report provided for each:

- Education
- General Government
- Health & Human Services
- Justice & Public Safety
- Natural & Economic Resources
- Transportation
- Statewide Reserves

These functional groupings correspond to the sections of the Governor's Recommended Budget.

The Base Budget is prepared by the Office of State Budget and Management (OSBM).

How to Read the Base Budget

The Base Budget is organized by state agency/department by budget code. Each budget code is broken into one or more funds to separate and manage budgeting activities. Within each fund, accounts provide a method to categorize the requirement ("expense") or receipt type. Counts of the number of personnel positions, also known as full-time equivalents or FTE, are also provided.

Different reports show various breakdowns of the totals to provide greater transparency and visibility. Within the report, each budget code contains 4 different views:

- Summary
- Summary by Purpose/Fund
- Summary by Account
- Fund Detail by Account, with a description of the purpose of each fund

All reports are generated by the NC Integrated Budget Information System (NC IBIS) and are termed "Worksheet I" in NC IBIS.

Each report, except in the university system, has eight columns:

- 1) Description of the expenditure or receipt
- 2) Amount spent or received as of June 30 of the first year (2021-22) of the current biennium (2021-23)
- 3) OSBM certified amount for FY 2022-23, including legislatively authorized revisions. *Not shown for the university system*
- 4) OSBM certified amount for FY 2022-23, including revisions authorized by legislation and/or by OSBM
- 5) Amount of recommended increase or decrease for the first year (2023-24) of the next biennium (2023-25), as compared to the current year (2022-23)
- 6) Total amount requested for the first year (2023-24) of the next biennium (2023-25)
- 7) Amount of the recommended increase or decrease for the second year (2024-25) of the next biennium (2023-25), as compared to the current year (2022-23) in column 4
- 8) Total amount requested for the second year (2024-25) of the next biennium

Definitions

Authorized Budget

The certified budget plus revisions delegated to the OSBM and to agencies by the State Budget Act.

Base Budget

The portion of the recommended budget that provides the baseline for the next biennium. The base budget for each state agency is the authorized budget for that agency with adjustments for the following:

1. Annualization of programs and positions.
2. Reductions to adjust for items funded with nonrecurring funds during the prior fiscal biennium.
3. Increases to adjust for nonrecurring reductions during the prior fiscal biennium.
4. Adjustments for federal payroll tax changes.
5. Rate increases in accordance with the terms of existing leases of real property.
6. Adjustments to receipt projections, made in accordance with GS 143C-3-5(b)(2)c..
7. Reconciliation of intra-governmental and inter-governmental transfers.
8. Adjustments for statutory appropriations and other adjustments as directed by the General Assembly.
9. Reconciliation of salary-related employer contributions, longevity, and special separation allowance under Article 12D of Chapter 143 of the General Statutes.

Budget Code

OSBM and the Office of State Controller together with the State Treasurer determine a five-digit number (budget code) for budgetary reporting. This number generally identifies major fund types and the responsible entity for reporting. The first digit is the fund type. The second and third digits are usually the department/division code.

Budget codes are established for the following fund types:

- 0xxxx - Institutional Funds Revenue
- 1xxxx – General Fund
- 2xxxx - Special Funds
- 3xxxx - Federal Funds
- 4xxxx - Capital Project Funds

5xxxx - Enterprise Funds

6xxxx – Trust and Agency Funds
7xxxx - Service Funds

8xxxx - Highway Funds

Certified Budget

Once the state budget is approved by the General Assembly and released, the Office of State Budget and Management (OSBM) certifies the official budgets to state agencies. Agencies then operate with the new budget. The State Budget Officer certifies the appropriations, revenue, and condition of the fund to the Office of State Controller and the State Treasurer. The certified budget reflects budget revisions that were mandated by the General Assembly.

Change Budget

The portion of the recommended budget that is an expansion or reduction from the base budget. The change includes enrollment adjustments, entitlement adjustments, one-time purchases, inflationary adjustments, new or expanded programs, as well as other adjustments.

Fund Code

Funds (or budget centers) are established when authorized by the General Assembly; changes in the accounting standards; authorizations by OSBM; and/or grant awards from federal, state, local, or private agencies, or individuals. The fund code is a four-digit number that, with its parent budget code, uniquely identifies the fund.

Recommended Budget

Total of the base and change budgets submitted by the Governor to the General Assembly.

Worksheet I

A component of the NC Integrated Budget Information System (NC IBIS) used by state agencies to develop their budget requests for the General Assembly.
