1584-Roanoke Island Festival Park

This fund is used for Roanoke Island Festival Park (RIFP) appropriations. Appropriations received into this fund are transferred and spent from the Historic Roanoke Island Fund (budget code 54804, fund 5800) to support operations and appropriated positions. The mission of RIFP is to involve residents and visitors of all ages in a creative and stimulating exploration of Roanoke Island's historical, cultural, and natural resources. The commission operates and administers the 16th century ship Elizabeth II, the Visitors Center, and all other facilities comprising RIFP, which commemorates the Roanoke Voyages of 1584-1587. To carry out these responsibilities, the RIFP staff provide programming, customer service, and historical accounts of Roanoke Island to visitors, colleagues and partners with authenticity and respect. The staff provide innovative, creative, experience-based programming that entertains and educates a diverse audience and aims to be inclusive and appeal to a broad cross section of individuals and interests thereby fostering a community where diverse backgrounds are celebrated.

2321-Museum of Art - Special Fund

This fund is established in accordance with G.S. 140-5.14 (9) for the de-accession of art. The net proceeds from the sale of any work of art owned by the North Carolina Museum of Art, after deduction of the expenses attributable to that sale, shall be deposited in the State treasury to the credit of "The North Carolina Museum of Art Special Fund," and shall be used only for the purchase of other works of art. As an accredited museum, the Museum follows established standards for museum operations. Using the proceeds of artifact sales in this manner is an established requirement of the accrediting organization for museums. The Code of Ethics for Museums issued by the American Alliance of Museums in 2000 notes that a museum must ensure that: 1) disposal of collections through sale, trade, or research activities is solely for the advancement of the museum's mission; and 2) proceeds from the sale of non-living collections are to be used consistent with the established standards of the museum's discipline, but in no event shall they be used for anything other than acquisition or direct care of the collections.

2803-DPR Recreational Trails Program

Recreational Trails Program funds come from the Federal Highway Trust Fund, and represent a portion of the motor fuel excise tax collected from nonhighway recreational fuel use: fuel used for off-highway recreation by snowmobiles, all-terrain vehicles, off-highway motorcycles, and off-highway light trucks. The purpose of the Recreational Trails Program (as stated in CFDA# 20.219) is to provide funds to states to develop and maintain recreational trails and trail-related facilities for both nonmotorized and motorized recreational trail use. This program's intent is to meet the trail and trail-related recreational needs identified by the Statewide Comprehensive Outdoor Recreation Plan. Grant funding is for trail planning, construction, maintenance, signs, and related facilities.

2803-DPR Recreational Trails Program

Recreational Trails Program funds come from the Federal Highway Trust Fund, and represent a portion of the motor fuel excise tax collected from nonhighway recreational fuel use: fuel used for off-highway recreation by snowmobiles, all-terrain vehicles, off-highway motorcycles, and off-highway light trucks. The purpose of the Recreational Trails Program (as stated in CFDA# 20.219) is to provide funds to states to develop and maintain recreational trails and trail-related facilities for both nonmotorized and motorized recreational trail use. This program's intent is to meet the trail and trail-related recreational needs identified by the Statewide Comprehensive Outdoor Recreation Plan. Grant funding is for trail planning, construction, maintenance, signs, and related facilities.

The Historic Roanoke Island Fund was established by statute (G.S. 143B-131.8A) as a nonreverting enterprise fund to be administered by the Department of Natural and Cultural Resources (DNCR). The fund shall be used only for the following purposes in addition to those set forth in G.S. 143-202.2: (1) The expenses of operating and maintaining the properties managed by the Roanoke Island Historical Association pursuant to G.S. 143-202.1, including the salaries and benefits of Roanoke Island Festival Park (RIFP) for staff. (Appropriations received into Budget Code 14802 Fund 1584 are transferred and spent from the Historic Roanoke Island Fund to support operations and appropriated positions.) (3) The restoration, preservation, and enhancement of the appearance, maintenance, and aesthetic quality of U.S. Highway 64/264 and the U.S. 64/264 Bypass travel corridor on Roanoke Island and the grounds on RIFP. However, the local government with jurisdiction over the affected portion of the travel corridor shall process the applications for and issue the certificates of appropriateness and shall be responsible for the enforcement of those certificates and any ordinances or rules adopted by the local government regarding that portion of the travel corridor within the local government's jurisdiction, and no reimbursement shall be made from the Fund to any local government for the processing of applications or issuance of certificates of appropriateness or the enforcement of those certificates, local ordinances, or rules. (4) To identify, preserve, and protect properties located on Roanoke Island having historical significance to the State of North Carolina, Dare County, or the Town of Manteo consistent with applicable State laws and rules. The DNCR shall transfer to the Fund on a monthly basis a pro rata share of the utilities, maintenance, and operating expenses of the Outer Banks History Center, which is located in the RIFP. The funds received pursuant to this subsection shall be credited to the Historic Roanoke Island Fund. The DNCR shall credit to the Historic Roanoke Island Fund all rental proceeds received by the Department from the rental properties located near the Outer Banks Island Farm.

This fund separates Natural Heritage Program from Clean Water Management Trust Fund and revise trust fund administrative expense provisions. This fund consists of all receipts derived from contracts and grants that support special projects conducted by Natural Heritage Program staff. Typically receipts support natural areas inventories or data analysis and originate with NC Department of Transportation, NC Wildlife Resources Commission, US Fish and Wildlife Service, or other government or nonprofit agencies. The Division and funding source determine how funds will be used in compliance with relevant grants and contracts to support the purpose of the Nature Preserves Act.

1230-Archives and Records

The purpose of the Division of Archives and Records as mandated by G.S. 121 and G.S. 132 is to promote and safeguard the documentary heritage of North Carolina, particularly as it pertains to public records. This mission is accomplished by managing and collecting the records of state and local governments and providing comprehensive records management services to agencies, including public universities, in administering their records. The division also collects and maintains private papers and non-textual records that document the history of the state. Archives and Records provides assistance to citizens and government entities in accessing and using information in the State Archives and preserves those records of enduring value to the highest archival standards. The division administers two regional archives and research facilities, the Outer Banks History Center and the Western Regional Archives, located in Manteo and Asheville respectively.

1241-State Historic Sites

The purpose of the Division of State Historic Sites and Properties is to preserve, develop, interpret, operate, and maintain historic properties and historic resources significant to the state's overall history. This fund supports operational and personnel costs for the division. The Division of State Historic Sites and Properties provides educational programs about the history of North Carolina through its 24 state historic sites. The state historic sites are the foundation of North Carolina's heritage tourism industry, and historic sites serve as tourism anchors for each region of the state. The State Capitol, Fund 1243, is part of this division and is to preserve, interpret, and administer the State Capitol Building, its monuments, the historic furnishings, works of art, and its historical setting.

1243-State Capitol

This fund supports executing G.S. § 121-7 and 121-9. The purpose of the State Capitol branch of the Museum and Visitor Services Section (a site within the Division of State Historic Sites) is to preserve, interpret, and administer the State Capitol Building, its monuments, the historic furnishings and works of art, and its historical setting. To carry out this mission, the Capitol staff strives to enhance visitor knowledge of North Carolina history, the founding of Raleigh as the state's capital city, the evolution of North Carolina government, and the building's role in those functions. The Capitol's historical significance is highlighted by the production of a series of educational programs and special events annually, and by conducting an extensive educational outreach program for schools, government, community, and civic organizations.

1260-Office of State Archaeology

The Office of State Archaeology (OSA) serves the department's statewide interests in prehistoric, historic, and underwater archaeology, and is a vital link among local, state, and federal agencies for all aspects of regulatory compliance, public education, and archaeological research in North Carolina. Underwater archaeology, including the Queen Anne's Revenge project, is a major OSA program. OSA helps protect endangered archaeological sites on private or public lands through enforcement of the North Carolina and federal archaeology laws, and maintains a statewide inventory of archaeological sites and the maps, photographs, and artifact collections that support the inventory. OSA records significant archaeological sites listed in the National Register of Historic Places. Staff archaeologists give lectures, demonstrate archaeological techniques, and prepare publications for school groups, amateur archaeological and historical societies, and government agencies. With the State Historic Preservation Office, OSA reviews permit applications and construction plans receiving state or federal assistance. Staff archaeologists administer grants for archaeological surveys and research, and help museums, universities, and local governments with technical questions on project planning, contract reviews, and archaeological sites protection.

1340-NC Symphony

The mission of the North Carolina Symphony is to present an orchestra of the highest artistic standard that enriches, entertains, and educates diverse audiences in a variety of settings and represents North Carolina as a leader in performance and music education. The Symphony has carried out this mission since 1932. It is the first orchestra to receive state funding on a continuing basis. The North Carolina Symphony is singularly unique in its commitment to statewide service and music education. Today, it travels more than 14,000 miles per year and performs more than half of its annual concerts outside the Triangle area. Each season the orchestra performs 45 to 50 full-orchestra music education concerts for fourth and fifth grade students.

1480-Statewide Library Programs and Grants

This fund provides services that improve, stimulate, increase, and equalize library service to all the people of North Carolina by building the capacity of all libraries in the state. This mission is accomplished via the Library Development Section (<http://statelibrary.ncdcr.gov/ld/index.html>) coordinating programs for libraries to help them increase their capacity to serve their local communities, operating the North Carolina Center for the Book, and conducting statewide programs such as the administration of a federal grants program and continuing education for library staff. This fund also supports the certification of public librarians. (G.S. 125-2(10), 7. and 8.; G.S. 153A-261).

1500-Museum of History

This fund promotes understanding of the history and material culture of North Carolina for the educational benefit of the people through collections and historical interpretation at the North Carolina Museum of History in Raleigh, the Mountain Gateway Museum in Old Fort, the Museum of the Cape Fear in Fayetteville, and the Museum of the Albemarle in Elizabeth City. These museums develop, produce, and maintain long and short-term exhibits and associated programs, publications, audiovisual service outreach, and distance learning opportunities to schools and community groups throughout the state. The Division collects, conserves, and documents historical objects significant to North Carolina history and provides assistance to local and regional museums and historic sites. The Division also produces exhibits and programs on national and international history. This is one of two funds that support the division of State History Museums. The other is Fund 1245, which supports the three locations of the North Carolina Maritime Museum.

1805-North Carolina Zoological Park

This fund supports administration, development, maintenance, and operation of a major habitat zoological park that connects people and the natural world with the objective of making the links between human needs, and economic stability, quality of life, and the sound management of natural resources. This is achieved by inspiring appreciation, and fostering an understanding of nature through natural habitat exhibits and their interpretation. And through a variety of linked programs in conservation, education, and scientific research. Major programs include matriculating school groups, teacher training, visitor education, species survival programs, field conservation, rural development, scientific research, ecotourism, and networking with other conservation and education operations.

1584-Roanoke Island Festival Park

This fund is used for Roanoke Island Festival Park (RIFP) appropriations. Appropriations received into this fund are transferred and spent from the Historic Roanoke Island Fund (budget code 54804, fund 5800) to support operations and appropriated positions. The mission of RIFP is to involve residents and visitors of all ages in a creative and stimulating exploration of Roanoke Island's historical, cultural, and natural resources. The commission operates and administers the 16th century ship Elizabeth II, the Visitors Center, and all other facilities comprising RIFP, which commemorates the Roanoke Voyages of 1584-1587. To carry out these responsibilities, the RIFP staff provide programming, customer service, and historical accounts of Roanoke Island to visitors, colleagues and partners with authenticity and respect. The staff provide innovative, creative, experience-based programming that entertains and educates a diverse audience and aims to be inclusive and appeal to a broad cross section of individuals and interests thereby fostering a community where diverse backgrounds are celebrated.

2321-Museum of Art - Special Fund

This fund is established in accordance with G.S. 140-5.14 (9) for the de-accession of art. The net proceeds from the sale of any work of art owned by the North Carolina Museum of Art, after deduction of the expenses attributable to that sale, shall be deposited in the State treasury to the credit of "The North Carolina Museum of Art Special Fund," and shall be used only for the purchase of other works of art. As an accredited museum, the Museum follows established standards for museum operations. Using the proceeds of artifact sales in this manner is an established requirement of the accrediting organization for museums. The Code of Ethics for Museums issued by the American Alliance of Museums in 2000 notes that a museum must ensure that: 1) disposal of collections through sale, trade, or research activities is solely for the advancement of the museum's mission; and 2) proceeds from the sale of non-living collections are to be used consistent with the established standards of the museum's discipline, but in no event shall they be used for anything other than acquisition or direct care of the collections.

2803-DPR Recreational Trails Program

Recreational Trails Program funds come from the Federal Highway Trust Fund, and represent a portion of the motor fuel excise tax collected from nonhighway recreational fuel use: fuel used for off-highway recreation by snowmobiles, all-terrain vehicles, off-highway motorcycles, and off-highway light trucks. The purpose of the Recreational Trails Program (as stated in CFDA# 20.219) is to provide funds to states to develop and maintain recreational trails and trail-related facilities for both nonmotorized and motorized recreational trail use. This program's intent is to meet the trail and trail-related recreational needs identified by the Statewide Comprehensive Outdoor Recreation Plan. Grant funding is for trail planning, construction, maintenance, signs, and related facilities.

3336-ARTS INTER & AFRICAN AMERICAN

The purpose of this fund is to house the Gathering Place Project (GPP) museum grant for African American History and Culture awarded from the US Institute of Museum and Library Services. The GPP, a training and outreach initiative of the North Carolina African American Heritage Commission (AAHC), provides statewide assistance in improving the knowledge, skills, and abilities for staff and volunteers at African American museums in caring for their collections and sharing their stories. Further, the project offers training opportunities for students from local Historically Black Colleges and Universities (HBCUs) to create a new generation of museum workers. The Gathering Place Project encourages networking and skills sharing between museums and students to provide reciprocal learning in a hands-on environment. This project provides training and guidance for collections care, management, and educational outreach. This project provides educational opportunities in the realm of museum work for students' skills most often needed at institutions caring for three dimensional collections. The two-year project offers regional workshops on the basics of collections care and concepts for sharing history. The project shares knowledge with museums, students, faculty, and the general public using direct mail, online, and print media. The project began in August 2012 and concludes in June 2014. At least 6 workshops will be held in each year of the grant. Participants will emerge in 2014 better equipped to manage museum collections and share the history those collections represent.

The Historic Roanoke Island Fund was established by statute (G.S. 143B-131.8A) as a nonreverting enterprise fund to be administered by the Department of Natural and Cultural Resources (DNCR). The fund shall be used only for the following purposes in addition to those set forth in G.S. 143-202.2: (1) The expenses of operating and maintaining the properties managed by the Roanoke Island Historical Association pursuant to G.S. 143-202.1, including the salaries and benefits of Roanoke Island Festival Park (RIFP) for staff. (Appropriations received into Budget Code 14802 Fund 1584 are transferred and spent from the Historic Roanoke Island Fund to support operations and appropriated positions.) (2) Capital expenditures for the properties operated by the Association pursuant to G.S. 143-202.1. (3) The restoration, preservation, and enhancement of the appearance, maintenance, and aesthetic quality of U.S. Highway 64/264 and the U.S. 64/264 Bypass travel corridor on Roanoke Island and the grounds on RIFP. However, the local government with jurisdiction over the affected portion of the travel corridor shall process the applications for and issue the certificates of appropriateness and shall be responsible for the enforcement of those certificates and any ordinances or rules adopted by the local government regarding that portion of the travel corridor within the local government's jurisdiction, and no reimbursement shall be made from the Fund to any local government for the processing of applications or issuance of certificates of appropriateness or the enforcement of those certificates, local ordinances, or rules. (4) To identify, preserve, and protect properties located on Roanoke Island having historical significance to the State of North Carolina, Dare County, or the Town of Manteo consistent with applicable State laws and rules. The DNCR shall transfer to the Fund on a monthly basis a pro rata share of the utilities, maintenance, and operating expenses of the Outer Banks History Center, which is located in the RIFP. The funds received pursuant to this subsection shall be credited to the Historic Roanoke Island Fund. The DNCR shall credit to the Historic Roanoke Island Fund all rental proceeds received by the Department from the rental properties located near the Outer Banks Island Farm.

The North Carolina Education Lottery (NCEL) is a major enterprise fund for the State of North Carolina established by statute in G.S. 18C. The purpose of the NCEL is to generate funds from lottery sales to further the goal of providing enhanced educational opportunities so that all students in the public schools can achieve their full potential, to support school construction, and to fund college and university scholarships. Proceeds generated from retail sales of lottery products are the principal source of revenues for this fund. The significant operating expenses of this fund include the cost of prizes and retailer commissions. A portion of the proceeds are transferred to budget code 54670 to cover the administration of the NCEL. Other transfers from this fund include transfers to the North Carolina Education Lottery Fund (Budget Code 23003) and the North Carolina Education Lottery Reserve (Budget Code 23004), which are both located in the Office of State Budget and Management.

5261-NC Education Lottery - Administration

The North Carolina Education Lottery (NCEL) is a major enterprise fund for the State of North Carolina established by statute in G.S. 18C. As permitted by statute, up to 8% of the total annual lottery revenues may be allocated for administrative expenses associated with operating the lottery, but no more than 1% of the total annual revenues may be spent on advertising. Proceeds generated from retail sales of lottery products are first deposited in budget code 54641 and then a portion is transferred to this budget code and budgeted as a receipt to be used for administration. The significant operating expenses of the Administration fund include personnel and the gaming system vendor charges.
