

State of North Carolina

RECOMMENDED BASE BUDGET
AND FUND PURPOSE STATEMENTS, 2019-21

NATURAL AND ECONOMIC RESOURCES

Roy Cooper
Governor

Introduction

The *Governor's Recommended Budget, Line Item Detail, 2019-21* details Governor Cooper's recommended fiscal plan for continuing operations of the State of North Carolina for the upcoming biennium. For presentation purposes, the various departments of state government are grouped by the following functions:

- Education
- General Government
- Health and Human Services
- Justice and Public Safety
- Natural and Economic Resources
- Transportation
- Statewide Reserves

Funds are presented in numerical order within budget code. The budget codes are also ordered numerically by their last four digits, which typically represent a department or division, and then by their first digit, which represents a fund type. For example, budget code 84210 precedes code 14222, which precedes 84290. The only exceptions to this order occur where the last four digits of the budget code deviate from the usual department/division designation.

The proposed base budget for each budget code and fund code is presented beginning with summary tables for each budget code followed by fund details for each budgeted fund within the budget code. Summaries for each budget code are listed below:

- Summary by Fund
- Summary by Account
- Position Counts, Summary by Fund
- Position Counts, Summary by Account

For each fund, "Fund Detail" presents the information termed "Worksheet I" in the budget preparation system. Tabular data are presented for 2017-18 actual amounts spent or received, 2018-19 certified and authorized amounts, and 2019-20 and 2020-21 recommended amounts. Also included are the purpose statements for the funds.

Requests for further information may be directed to the Office of State Budget and Management, 20320 Mail Service Center, Raleigh, N.C. 27699-0320, or telephone (919) 807-4700. These files may also be downloaded from the Office of State Budget and Management Web site, osbm.nc.gov.

Brief Definitions

Recommended Budget	Total of the base and change budgets submitted by the Governor to the General Assembly for a biennium beginning with an odd-numbered year, for example, 2019-21.
Base Budget	That portion of the recommended budget that provides the baseline for the next biennium. The base budget for each State agency shall be the authorized budget for that agency with adjustments only for the following: annualization of programs and positions; reductions to adjust for items funded with nonrecurring funds during the prior fiscal biennium; increases to adjust for nonrecurring reductions during the prior fiscal biennium; adjustments for federal payroll tax changes; rate increases in accordance with the terms of existing leases of real property; adjustments to receipt projections, made in accordance with GS 143C-3-5(b)(2)c.; reconciliation of intra-governmental and inter-governmental transfers.
Change Budget	That portion of the recommended budget that presents expansion or reduction from the base budget. The change includes enrollment adjustments, entitlement adjustments, one-time purchases, inflationary adjustments, new or expanded programs, as well as other adjustments.
Certified Budget	Once the state budget is approved by the General Assembly and released, the Office of State Budget and Management (OSBM) certifies the official budgets to state agencies. Agencies can then operate under the new budget. The State Budget Officer certifies the appropriations, revenue, and condition of the fund to the Office of State Controller and the State Treasurer. The certified budget reflects budget revisions that were specifically mandated by the General Assembly.
Authorized Budget	The certified budget plus revisions delegated to the Office of State Budget and Management and to agencies by the State Budget Act.
Fund Code	Funds (or budget centers) are established as a result of authorization by the General Assembly; changes in the accounting standards; authorizations by OSBM; and/or grant awards from federal, state, local, or private agencies, or from individuals. The fund code is a four-digit number that, with its parent budget code, uniquely identifies the fund.

Budget Code

The Office of State Budget and Management and the Office of State Controller together with the State Treasurer determine a five-digit number (budget code) for budgetary reporting. This number generally identifies major fund types and the responsible entity for reporting. The first digit is the fund type. The second and third digits are usually the department/division code. Budget codes are established for the following fund types:

- 0xxxx - Institutional Funds Revenue
- 1xxxx - General Fund
- 2xxxx - Special Funds
- 3xxxx - Federal Funds
- 4xxxx - Capital Project Funds
- 5xxxx - Enterprise Funds
- 6xxxx - Trust and Agency Funds
- 7xxxx - Service Funds
- 8xxxx - Highway Funds

Worksheet I

A component of the NC Integrated Budget Information System (NC IBIS) used by state agencies to develop their budget requests for the General Assembly. Each Worksheet I report, except in the university system, has these eight columns:

- 1) Description of the expenditure or receipt
- 2) Amount actually spent or received as of June 30 of the first year (2017-18) of the current biennium (2018-19)
- 3) Amount certified by the General Assembly for the second year (2018-19) of the current biennium (2017-19). Not shown for the university system.
- 4) Amount authorized by OSBM for the expenditure or receipt during the second year (2018-19) of the current biennium (2017-19)
- 5) Amount of the recommended increase or decrease for the first year (2019-20) of the next biennium (2019-21), as compared to the current year (2018-19) in column 4
- 6) Total amount requested for the first year (2019-20) of the next biennium (2019-21)
- 7) Amount of the recommended increase or decrease for the second year (2020-21) of the next biennium (2019-21), as compared to the current year (2018-19) in column 4
- 8) Total amount requested for the second year (2020-21) of the next biennium (2019-21)

100-DEPARTMENT OF AGRICULTURE

13700-Agriculture and Consumer Services - General Fund

1011-General Administration

General Administration provides executive guidance to divisions with regard to departmental and state government policy, and manages the resources of the department to meet current, evolving, and long-range needs of agriculture and the citizens of North Carolina. Activities include planning, policy development, legal and other administrative/supervisory functions.

100-DEPARTMENT OF AGRICULTURE

13700-Agriculture and Consumer Services - General Fund

1013-Public Affairs

The Public Affairs Division promotes the state's agricultural industry as well as the department's programs to ensure residents know what services are provided and the rules the department enforces. Through the news media, publications and other avenues, the division also alerts and informs the public about consumer and agricultural issues of critical importance, such as food recalls and animal diseases. In addition, the division helps the non-farming public understand the tremendous importance of agriculture in the state and make the connection between the farm and the high-quality food and fiber that residents enjoy.

100-DEPARTMENT OF AGRICULTURE

13700-Agriculture and Consumer Services - General Fund

1017-Emergency Programs Division

The Emergency Programs Division employs medically trained and skilled individuals and finances the development of necessary operations for North Carolina's agriculture emergency response. This agency is the Emergency Support Function (ESF) 11 lead (1) evaluates the effectiveness, accessibility, and quality of available Departmental and community-based agricultural services to respond to all-hazard emergency events; (2) develops and maintains policies and plans that support the agricultural community's efforts in preparing for and responding to all-hazards emergency events; (3) trains for food and agriculture emergency preparedness and enforces laws and regulations that protect public, animal, livestock, plant, and/or crop health and insures their general safety in case of an all-hazards emergency event; and (4) assures integration of high risk and economically significant food and agriculture facilities into the Homeland Security critical infrastructure protection program.

100-DEPARTMENT OF AGRICULTURE

13700-Agriculture and Consumer Services - General Fund

1020-Markets

The Marketing Division promotes the domestic and international sale of North Carolina agricultural products, develops and expands markets, reports farm market prices on major commodities, and determines and certifies official grades of farm products. Assist farmers in the marketing of their products by operating regional farmers markets in Asheville, Charlotte, Greensboro and Raleigh plus regional marketing offices in Asheville, Kinston, and Elizabeth City. Showcases and promotes agriculture and/or livestock/equine at the Western North Carolina Agricultural Center, the Senator Bob Martin Eastern Agricultural Center and the Southeastern NC Agricultural Events Center. Encourages the further development of aquaculture to promote economic growth, to augment food supplies, and to increase stocks of native aquatic species.

100-DEPARTMENT OF AGRICULTURE

13700-Agriculture and Consumer Services - General Fund

1027-Property and Construction

The Property and Construction Division oversees the Department's capital improvements, real property and engineering consulting program. The Property Section is responsible for oversight of the real property assets specifically the land and buildings managed by NCDA&CS. The Construction Section is responsible for managing capital improvements and repair and renovations projects, providing expertise to facility managers and technical assistance to the agribusiness community.

100-DEPARTMENT OF AGRICULTURE

13700-Agriculture and Consumer Services - General Fund

1040-Agronomic Services

The Agronomic Services Division provides NC citizens with diagnostic and advisory services that increase agricultural productivity, promote responsible land management, and safeguard environmental quality. This program includes laboratory analysis of soil, plant, waste, solution and nematode samples, and on-site assistance from a staff of regional agronomists.

100-DEPARTMENT OF AGRICULTURE

13700-Agriculture and Consumer Services - General Fund

1050-Federal - State Agricultural Statistics

The Agricultural Statistics Division enhances sound production and management decisions among farmers by providing comprehensive agricultural statistical information through collection and analysis of prices, wages, production, and environmental estimates for all major crops and livestock in North Carolina. The division also supports the department with administration of data processing, publication design, and printing.

1070-Commercial Feed and Pet Food

The Commercial Feed and Pet Food Section enforces the North Carolina Commercial Feed Law to ensure compliance with state and federal regulations requiring that those products being purchased to feed animals are wholesome, free of harmful chemicals, properly labeled, and meet nutritional guarantees. This enforcement is accomplished through annual registrations and through annual inspections of feed manufacturers and distributors where samples are collected for laboratory analysis to reduce the incidence of non-compliance. The section's goal is to protect livestock and poultry feeders and pet owners by assuring them that supplies of feed are of satisfactory quality, and adequately and accurately labeled. The section also provides nutritional data to livestock producers feeding farm grown and mixed animal feeds through our forage testing program.

100-DEPARTMENT OF AGRICULTURE

13700-Agriculture and Consumer Services - General Fund

1080-Commercial Fertilizer Analysis

The Commercial Fertilizer Analysis Section assures consumers that the commercial fertilizer and liming materials they purchase meet manufacturers' label guarantees for nutrients by conducting laboratory analysis on the declared ingredients. Effective 7/1/19, the Fund will be consolidated with Fund 1100 as part of the Food and Drug Protection Division and identified as Cost Center 11001080.

1090-Pesticide Control and Analysis

The Structural Pest Control and Pesticides Division regulates pesticide manufacturing, distribution, sales, application, and service industries within the State. The division's critical services protect public health, safety, and welfare; promote continued environmental quality, and provide other important benefits, including consumer protection, by minimizing and managing risks associated with the legal use of pesticides; improving the quality of pest management and structural pest control services; reducing fraudulent or unscrupulous activities; and regulating the registration, distribution, sales, handling, application, storage and disposal of pesticides.

1120-Structural Pest

The Structural Pest Control and Pesticides Division regulates pesticide manufacturing, distribution, sales, application, and service industries within the State. The Division's critical services protect public health, safety, and welfare; promote continued environmental quality, and provide other important benefits, including consumer protection, by minimizing and managing risks associated with the legal use of pesticides; improving the quality of pest management and structural pest control services; reducing fraudulent or unscrupulous activities; and regulating the registration, distribution, sales, handling, application, storage and disposal of pesticides.

1140-Meat and Poultry Inspection

The Meat and Poultry Inspection Division provides inspection oversight on a daily basis to meat and poultry slaughter and processing establishments and custom exempt operations on periodic visits, by enforcing State and Federal meat and poultry laws, rules, and regulations. The Meat and Poultry Inspection Division's Compliance personnel work to prevent and detect violations of the meat and poultry inspection laws throughout our state. The main objective of the Meat and Poultry Inspection Division is to enforce all state and federal laws designed to ensure the meat and poultry products entering commerce and sold to consumers are wholesome, unadulterated, and properly labeled.

1150-Weights and Measures Inspection

The Weights and Measures Inspection programs within the Standards Division protect the purchasers and sellers of commodities by ensuring that uniform standards of weights and measures, traceable to the national standards, are used throughout the state. To carry out this responsibility, the division employs a system of random inspections along with the appropriate enforcement actions to identify weighing and measuring devices and packages not in conformance with the law and regulations. The appropriate section's inspectors investigate complaints in any of these areas. The division also provides laboratory measurement services accredited by the National Institute of Standards and Technology and the National Voluntary Laboratory Accreditation Program (NVLAP)

1160-Gasoline and Oil Inspection

The Gasoline and Oil Inspection programs within the Standards Division protect the users of petroleum products from receiving inferior quality and inaccurate measurements as well as protecting the public from the unsafe use, storage, and transportation of liquefied petroleum gas. To carry out these responsibilities, the division employs a system of random inspections, which identifies products, devices, and installations not in conformance with the law and regulations along with the appropriate enforcement actions. The appropriate section's inspectors investigate complaints in any of these areas.

1175-Seed and Fertilizer

The Seed and Fertilizer Section of the Plant Industry Division protects manufacturers, distributors, and consumers by ensuring that seed and fertilizer, along with other soil additives, offered for sale in North Carolina meet standards mandated in laws and regulations. The Section conducts inspections, sampling and analysis of seed and fertilizers, and applies appropriate enforcement actions for products found to be out of compliance with the applicable laws and regulations. Through the NC Seed Laboratory, this unit conducts purity, germination, and other specialized tests on official and service seed samples.

1180-Plant Protection

The Plant Protection Program of the Plant Industry Division protects the state's plants and plant products from the adverse impacts of quarantine plant pests through the implementation of applicable regulatory laws and regulations. Staff conducts surveillance, monitoring, control, and eradication for plant pests including insects, diseases, and weeds and provide support to agricultural and horticultural industries by facilitating interstate and export certification for movement of plants and products. The program protects the native flora and natural habitats of the state and regulates the wild or native collected plant trade by implementing regulatory programs, conservation, and restoration projects. The program conserves and enhances honeybees by conducting hive inspections and elimination of disease organisms and implements biological control programs to benefit the environment and citizens of the state.

100-DEPARTMENT OF AGRICULTURE

13700-Agriculture and Consumer Services - General Fund

1190-Research Stations - Operations

The Research Stations Division manages multiple agronomic and livestock facilities that serve as a platform for agricultural research. The objective of this program is to conduct research resulting in information that ensures that agricultural production systems become more efficient, productive, and profitable while maintaining a sound environment and providing all consumers safe and affordable food and fiber products. The research stations serve as an outdoor field laboratory to conduct research, teaching, and demonstrations for producers, university researchers, extension agents, and the general public.

1210-Distribution of USDA Donations

The Food Distribution Division is a state agency mandated by the US Department of Agriculture to administer eight federally funded food assistance programs for the State of North Carolina. This division orders, receives, stores, and distributes approximately 70 million dollars in federally donated commodities to eligible agencies that apply for assistance. These agencies include, but are not limited to, schools, food banks, soup kitchens, state institutions as well as private non-profit agencies that meet federal tax exemption requirements and provide meals on a regular basis. The Food Distribution Division provides and transports foods for emergency relief in disaster situations in this state and nationally. The Division transports locally grown fresh fruits and vegetables from North Carolina farmers to schools participating in this state's Farm-to-School program.

100-DEPARTMENT OF AGRICULTURE

13700-Agriculture and Consumer Services - General Fund

1510-NC Forest Service

The NC Forest Service protects forest resources from fire, insects, disease, and water quality degradation; assists landowners in managing their forests for a variety of commercial forest products; and develops and protects the associated noncommercial values such as wildlife habitat, soil and water protection, and forest aesthetics. This fund also provides environmental education to school age children and adults to raise their awareness level and appreciation of the benefits of the forests and trees in rural and urban environments.

100-DEPARTMENT OF AGRICULTURE

13700-Agriculture and Consumer Services - General Fund

1535-NC Forest Service - Young Offenders Program

The Young Offenders Program provides rehabilitation for selected youthful offenders through forestry and forestry-related training and work projects in cooperation with the Division of Prisons. This program also reduces operating costs for the NC Forest Service by producing trained firefighters to help suppress forest fires, operate forest tree nurseries, and assist the Division of Parks and Recreation.

100-DEPARTMENT OF AGRICULTURE

23700-Agriculture and Consumer Services - Livestock Acquisition

2103-Livestock Acquisition

A revolving fund used to purchase animals for research projects. Revenues are generated from the sale of livestock. At the conclusion of a research project, the finished animals are sold, and the proceeds are deposited back into this fund. The cash balance is retained for future livestock purchases in research programs.

2109-DOT - Plant Conservation

Per G.S. 106-202.17, NC DOT paved Skyula Mountain Road. The roadwork negatively impacted the White Irisette, a federally endangered species. DOT agreed to conservation measures for the protection of the habitat for the White Irisette and provided a one-time payment to NCDA&CS for managing or acquiring the White Irisette habitat.

100-DEPARTMENT OF AGRICULTURE

23700-Agriculture and Consumer Services - Livestock Acquisition

2174-NC Forest Service - Bladen Lakes State Forest

Per G.S. 106-878(d), this fund houses receipts from the sale of forest products from Bladen Lakes State Forest as authorized in G.S. 106-877, and any gifts, bequests, or grants for the benefit of this fund. The funds may be used to develop, improve, repair, maintain, operate, or otherwise invest in the Bladen Lakes State Forest.

Per G.S. 106-878(c), this fund houses receipts from the sale of seed and seedlings as authorized in G.S. 106-877, and any gifts, bequests, or grants for the benefit of this fund. The funds may be used to develop, improve, repair, maintain, operate, or otherwise invest in the Forest Seedling Nursery Program.

100-DEPARTMENT OF AGRICULTURE

23700-Agriculture and Consumer Services - Livestock Acquisition

2177-NC Forest Service - Jordan Lake - Corp of Engineers

In 1981, the State of North Carolina entered into a lease with the US Army Corps of Engineers to manage 45,478 acres of land around Jordan Lake. The lease requires that all funds generated from the land be used for the administration, operation and development of the property. This fund houses fees received from the rental of the conference and training room at the Stan Adams Training Facility.

23702-Agriculture and Consumer Services - Disaster Recovery

2920-NC Forest Service - Disaster Relief

Per G.S. 166A-19.77, this fund houses the reimbursements for fire/emergency services rendered to other government entities and receipts of any applicable state or federal funding. The North Carolina Forest Service (NCFS) is designated as an emergency response agency for supporting the Division of Emergency Management, Department of Public Safety in responding to all-risk incidents. NCFS also has cooperative agreements with the federal government and other states to supply resources for fire suppression.

100-DEPARTMENT OF AGRICULTURE

23703-Agriculture and Consumer Services - Tobacco Trust Fund

2801-Tobacco Commission - Administration

Per G.S. 143 Article 75, this fund was established in 2000 after 46 state Attorney Generals signed the Master Settlement Agreement (MSA) with four of the nation's largest cigarette manufacturers. It was mandated that the Tobacco Trust Fund Commission (TTFC) receive 25% of the funds from the MSA to provide grants and assistance to programs that support, foster, encourage and facilitate a stronger agricultural economy, alleviate and avoid unemployment, preserve and increase local tax bases, encourage economic stability and optimally use natural resources in NC. Beginning with SL 2011-145, the funding for the TTFC is a General Fund appropriation to the Department.

100-DEPARTMENT OF AGRICULTURE

23703-Agriculture and Consumer Services - Tobacco Trust Fund

2802-Tobacco Commission

Per G.S. 143 Article 75, the Tobacco Trust Fund Commission (TTFC) was established in 2000 after 46 state Attorney Generals signed the Master Settlement Agreement (MSA) with four of the nation's largest cigarette manufacturers. It was mandated that the TTFC receive 25% of the funds from the MSA to provide grants and assistance to programs that support, foster, encourage and facilitate a stronger agricultural economy, alleviate and avoid unemployment, preserve and increase local tax bases, encourage economic stability and optimally use natural resources in NC. Beginning with SL 2011-145, the funding for the TTFC is a General Fund appropriation to the Department. This fund represents the interest income to the program.

23704-Agriculture and Consumer Services - Soil and Water Conservation

2705-Tar-Pamlico Relocation Local

This fund houses the receipts from EPA Section 319 to implement the Neuse and Tar-Pamlico Nutrient Sensitive Waters Strategy, specifically the agriculture rule. Funds are used to install and account for best management practice implementation to address nonpoint source pollution in the Neuse and Tar-Pamlico River Basins in accordance with the Nutrient Sensitive Waters Strategies. The fund also includes residual funds from the Tar-Pamlico Basin Association transferred to the division as part of the Tar-Pamlico Nutrient Trading Agreement.

2711-CREP - Expansion

Per S.L. 2006-66 (Part XI, Section 11.1), this fund houses money to acquire conservation easements and install best management practices for water quality under the Conservation Reserve Enhancement Program (CREP). These funds constitute a significant portion of the required 20% state match for the \$274 million program, with the balance of funds coming from the US Department of Agriculture. The program works in conjunction with local soil and water conservation districts to implement best management practices on enrolled land.

23705-Agriculture and Consumer Services - Forest Development Fund

2600-Primary Forest Tax

The Forest Development Program (FDP) provides financial incentives to private landowners to improve the productivity of North Carolina's forest base by planting, seeding, or otherwise establishing new forests while protecting the environmental quality of these forests. This program also provides incentives to improve an existing forest through implementation of forest improvement practices that enhance growth and stem quality.

100-DEPARTMENT OF AGRICULTURE

53700-Agriculture and Consumer Services - Farmers Market

5100-Farmers Market - Raleigh

The Raleigh Farmers Market provides an outlet for farmer grown North Carolina agricultural products. In addition to managing market facilities to maximize their availability to buyers and sellers, market staff also collect and report data on the sale of products and provide marketing advice to producers, sellers, and buyers.

53700-Agriculture and Consumer Services - Farmers Market

5300-Piedmont-Triad Farmers Market

The Piedmont Triad Farmers Market provides an outlet for farmer grown North Carolina agricultural products. In addition to managing market facilities to maximize their availability to buyers and sellers, market staff also collect and report data on the sale of products and provide marketing advice to producers, sellers, and buyers.

100-DEPARTMENT OF AGRICULTURE

53725-Agriculture and Consumer Services - Western North Carolina Agricultural Fair

5210-Western NC Agricultural Center

The Western North Carolina Agricultural Center promotes the showing and selling of cattle and other livestock in the livestock sales arena, plus it provides a venue for numerous horse shows, training sessions, and many other types of farm related events. It serves all of Western North Carolina as a meeting place for 4-H shows and meetings and even serves as the Mid-Atlantic base for the North Carolina Forestry Service during fire emergencies. The North Carolina Highway Patrol has an office at this facility for their flight operations base.

100-DEPARTMENT OF AGRICULTURE

53750-Agriculture and Consumer Services - North Carolina State Fair

5110-Administration

Showcases and promotes the state's agriculture, agribusiness, arts and crafts, and culture through the annual agricultural fair. Lease fairground property, on a short-term basis, during non-fair times (47 weeks per year) to the best interests of the public.

6110-Structural Pest Training Material Collection

The Structural Pest Training Material Collection is administered by the Structural Pest Control and Pesticides Division. The fund contains monies collected for the administration of the North Carolina Registered Structural Pest Control Technician Training Schools under the North Carolina Structural Pest Control Act of 1955, and rules adopted by the North Carolina Structural Pest Control Committee, and for development and production of training materials, such as the Registered Technician Training Program Introductory Training Workbook.

100-DEPARTMENT OF AGRICULTURE

63700-Agriculture and Consumer Services - Trust

6137-Pesticide Environmental Trust Fund

The Structural Pest Control and Pesticides Division administers the Pesticide Environmental Trust Fund (PETF) and is responsible for overseeing the management of the various programs and projects that are funded by the PETF. In 1993, the North Carolina General Assembly created the PETF under the North Carolina Pesticide Law of 1971, Section 143-468(b). This law requires companies registering pesticide products in North Carolina to pay an additional \$25 or \$50 environmental assessment fee for each brand registered with the North Carolina Department of Agriculture & Consumer Services. Companies must pay \$25 for products with annual sales less than \$5,000, and \$50 for products with annual sales \$5,000 or greater. The assessments are based on gross sales of a given pesticide within the state the previous year. Fees collected from this assessment are deposited into the Department's Pesticide Environmental Trust Fund.

63702-Agriculture and Consumer Services - NC Rural Rehabilitation

6600-Trust Fund - NC Rural Rehabilitation

The Rehabilitation Loan Fund, administered by the NC Agricultural Finance Authority (NCAFA) provides financing for purchase, development, and improvement of family farms. Funds are also used for financing food processing plants located in non-urban areas. Use of guarantees on loans to minimize the delinquency rate among borrowers is implemented where possible.

6601-Small Family Farms Loans

These funds are to provide financial assistance to economically stressed small farmers who were experiencing difficulties remaining in their operations. The intended target groups for this program and the NC Rural Rehabilitation Corporation (NCRRC) program are identical. The funds are intended to be a supplementary source of funds to further the objectives of the NCRRC program.

6422-Poultry

Poultry Grading is a voluntary program provided under the Agricultural Marketing Act of 1946, and is offered on a fee-for-service basis. It is designed to assist the orderly marketing of poultry products. Quality in practical terms refers to the usability, desirability, and value of a product, as well as its marketability. Poultry grade standards identify and measure degrees of quality in poultry products. They permit important quality attributes to be evaluated uniformly and accurately; they provide a way for buyers and sellers to negotiate using a common language.

The Cooperative Grading Service operates under the authority of the Agricultural Act of 1946 through a cooperative agreement with the USDA Fresh Products Branch. It is governed by Regulations Governing Inspection, Certification and Standards for Fresh Fruits, Vegetables and Other Products. Administrative Code 106-187 established that all funds collected by fees charged for services rendered to be deposited into a trust fund and to only be used for further service to the fruits, vegetable and peanut Industries. Inspection of some commodities are done on a volunteer basis. The current Farm Bill mandates commodities like peanuts to be inspected for incoming and outgoing quality regulations.

Grain Grading is a self-supporting fee service that is available to farmers and the grain industry in the state. Grain graders in NC are licensed and supervised by USDA to issue US Grades on lots of grain being offered for inspection. Grain graders in the state act as referees between buyers and sellers of grain. NCDA&CS personnel aid the grain industry by training their personnel to grade grains by standards set forth by the USDA. NCDA&CS graders are licensed to grade the following: corn, soybeans, wheat, oats, rye, sorghum, barley, and sunflower.

110-Department of Labor

13800-Labor - General Fund

1120-Administrative Services

The purpose of this fund is to track expenditures and receipts related to (1) the development of departmental policies for all bureaus to ensure that all statutory requirements are met and program objectives are accomplished. The Commissioner's Office also conducts periodic program reviews, coordinates departmental programs with other governmental agencies and carries out the statutory responsibilities of the Commissioner of Labor as a member of the Council of State; (2) providing administrative support for departmental programs in the areas of budgeting, purchasing, personnel, printing, and publications; (3) managing and improve effectiveness of departmental fiscal processes; and (4) creating and sustaining a comprehensive and dynamic human resources system to attract, retain, develop, and motivate a diverse, competent departmental workforce.

110-Department of Labor

13800-Labor - General Fund

1210-Research and Information Technology

The purpose of this fund is to track expenditures and receipts related to facilitating the work of the department and improve efficiencies through the development, implementation, and use of technology. Technical support is provided to applications software and server operating systems as well as database design and administration to all divisions within the agency. Connectivity, access, and operational support are also provided to federal-level information systems in the U.S. Department of Labor system and the U.S. Occupational, Safety and Health Administration (OSHA).

110-Department of Labor

13800-Labor - General Fund

1310-Boiler Inspection Bureau

The purpose of this fund is to track expenditures and receipts related to reducing the risk of injury, property, and environmental damage resulting from catastrophic failure of boilers and pressure equipment. This is achieved through a program of inspections and certification designed to enforce the rules for the fabrication/construction and installation of boilers and pressure vessels, as well as the repair and maintenance of the integrity of pressure equipment.

1320-Elevator Inspection Bureau

The purpose of this fund is to track expenditures and receipts related to reducing the incidence of injury and damage in the operation and installation of elevators, amusement devices, aerial passenger tramways, and related equipment. This program conducts: annual elevator, escalator, dumbwaiter, and handicap lift inspections and witness acceptance tests of new elevators; safety inspections on all amusement rides each time they are set up; annual and follow-up inspections on all aerial passenger tramway units; and periodic inspections of all existing units.

1330-Mine and Quarry Bureau

The purpose of this fund is to track expenditures and receipts related to supporting the Mine and Quarry Program's enforcement of the 1975 Mine Safety and Health Act of North Carolina. The objective of this program is to reduce the number and severity of injuries and illnesses in the minerals industry through on-site evaluations and the delivery of quality safety and health education, training and consultation services. This program also helps mine and quarry operators with the provisions of the 1977 Federal Mine Safety and Health Act, which requires mine operators to meet specific standards including training and retraining in safe work practices and procedures of their employees. Additional services include the inspection of abandoned mines to protect the public, the promotion of "rockhound" safety (industry safety tips), and an explosives safety course for anyone handling or using explosives.

110-Department of Labor

13800-Labor - General Fund

1340-Wage and Hour Bureau

The purpose of this fund is to track expenditures and receipts related to enhancing the fairness of employment compensation, controlled substance testing, and private personnel services to all parties, and protect the safety and well-being of young workers through the enforcement of the North Carolina Wage and Hour Act, Controlled Substance Examination Regulation Act, Private Personnel Services Act, and the Job Listing Services Act. The program uses a combination of education and outreach efforts and regulatory investigations to assure compliance with these laws.

1345-Employment Discrimination Bureau

The purpose of this fund is to track expenditures and receipts related to enhancing public confidence in the ability to exercise employment related rights without retaliation. This program enforces the Retaliatory Employment Discrimination Act (REDA), which prohibits discrimination and retaliation in the workplace. This program also responds to inquiries from the public and maintains an effective enforcement program through fair, impartial, and timely investigations.

1350-Occupational Safety and Health Administration - Administration

The purpose of this fund is to track expenditures and receipts related to supporting the Occupational Safety and Health Division (OSHNC). The program was established by the North Carolina General Assembly to administer the Occupational Safety and Health Act. OSHNC assists employers and employees in eliminating work place hazards in an effort to reduce the number of injuries, illnesses, and fatalities. A multi-disciplinary approach is utilized to provide assistance. These program activities include on-site consultation, compliance inspections, and education and training. This fund (1350) is one of three funds (1350, 1352, and 1353) this program utilizes.

1351-Review Commission

The purpose of this fund is to track expenditures and receipts related to Review Commission in protecting the rights of employees and employers as set forth in the Occupational Safety and Health Act by providing a forum to hear appeals for further review of any citation, abatement period, or penalty assessed by the Occupational Safety and Health Program. Activities include coordinating contested cases with the Office of Administrative Hearings and processing subsequent cases of law.

1352-Occupational Safety and Health Administration - State Funds

The purpose of this fund is to track expenditures and receipts related to supporting the Occupational Safety and Health Division (OSHNC). The program was established by the North Carolina General Assembly to administer the Occupational Safety and Health Act. OSHNC assists employers and employees in eliminating work place hazards in an effort to reduce the number of injuries, illnesses, and fatalities. A multi-disciplinary approach is utilized to provide assistance. These program activities include on-site consultation, compliance inspections, and education and training. This fund (1352) is one of three funds (1350, 1352, and 1353) this program utilizes.

1358-Consultative Services

The purpose of this fund is to track expenditures and receipts related to Consultative Services identifying and having workplace hazards abated. Through the On-site Consultation Program and Safety and Health Achievement Recognition Program (SHARP), the program's mission is to assist employers in improving their workplace safety and health for all workers as evidenced by fewer hazards, reduced exposures, and fewer injuries, illnesses, and fatalities. As a result, the program increases employer and worker awareness of, commitment to, and involvement in occupational safety and health programs. In the private sector, the On-site Consultation Program provides free consultation to small employers with 500 or fewer employees in high hazard industries. In the public sector, the On-site Consultation Program may serve any size employer; however, priority is given to the most hazardous operations when known.

110-Department of Labor

13800-Labor - General Fund

1360-OSHA/BLS Statistical Program

The purpose of this fund is to track expenditures and receipts related to the collection of data on workplace injuries and fatalities for use by the state and federal Departments of Labor. This data is used to assist those industries with high rates of injuries and fatalities to target safety and health education and training where needed.

1420-Apprenticeship Training

This fund is one of two funds (1420 and 2427 in budget code 23800) that promote the development of registered apprenticeship and on-the-job training programs to provide North Carolina employers with quality, highly skilled employees. The fund also provides returning veterans an opportunity to be trained for a skilled occupation and career upon their return from military service that allows them to receive their GI Bill benefits while in training with a North Carolina employer. Skilled journeymen provide on-the-job training, and related technical instruction of about 144 hours per year is also provided.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1130-Regional Field Offices Support Services

This fund provides administrative and technical staff to support the Department of Environmental Quality's various division field personnel located in the Regional Offices. These field personnel are the service delivery arms of the Department of Environmental Quality, the local contacts between the Department of Environmental Quality and citizens, businesses, and local government units. The field staff monitor compliance with regulations and permits, gather environmental data about areas of the state, and coordinate interagency and local communications.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1140-Administrative Services

This fund supports the Executive Offices and Administrative Services divisions. The Executive Offices provide policy, management, and budget guidance for the Department of Environmental Quality programs, ensure that legislation is carried out, and implement policy directives of the Governor. Through planning, coordination, supervision, and management review and accountability, executives ensure that the Department of Environmental Quality operates efficiently and effectively. Administrative Services activities keep the department functioning, including: (1) accounting related activities; (2) budgeting and planning; (3) purchasing and contract administration, property management, and office support functions; (4) information technology infrastructure; (5) human resources management; (6) public information functions; and (7) customer service functions. In addition to administrative support, the fund also supports the programmatic, environmental education functions contained within the Office of Environmental Education and Public Affairs. The purpose of the environmental education section is to increase environmental literacy and natural resource stewardship in North Carolina by encouraging, promoting and supporting environmental education programs, facilities and resources throughout the state. The section serves as the state's clearinghouse for environmental education resources, and is responsible for implementing the N.C. Environmental Education Act, drafting the state's Environmental Education Plan and establishing policies to guide environmental education material and program development, including a certification program for professional development.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1315-Marine Fisheries - Administration

This fund supports staff who provide policy, managerial direction, strategic planning, administrative support, special services, supports marine fisheries budgeting, and human resources functions (payroll, job recruitment, employee training). These funds also are used for purchasing and contracting; maintenance of facilities, vessels, and vehicles; federal grants administration; capital improvement and repair and renovation projects; and other administrative support for the division to meet its mission and statutory requirements.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1320-Marine Fisheries - Research and Management

This fund supports fishery resources monitoring through fisheries research studies, biological sampling, environmental data collection, data collections surveys, fisheries observers, socioeconomic data, and by catch reduction. This information is used for analysis and for the development of Fishery Management Plans and fishery management measures. These Fishery Management Plans (FMPs) identify measures that effectively use resources to maintain sustainable coastal fisheries. This fund supports activities for the preparation and implementation of the Coastal Habitat Protection Plan (CHPP), including data collection, habitat identification, enhancement, protection, and review of habitat alteration permits to develop effective measures to protect and enhance essential finfish and shellfish habitat.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1325-Marine Fisheries - Law Enforcement

This fund supports Marine Patrol law enforcement activities for marine and estuarine fishing activities, including air, ground and boat patrol investigation in order to provide fair and consistent enforcement of statutes and rules regarding marine and estuarine fisheries including administrative, technical, and communications support (24 hours/365 days) for officers enforcing marine fishery and boating safety laws.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1460-WIF- Water Infrastructure

This fund supports the Division of Water Infrastructure Division Director position and operating for the State Water Infrastructure Authority (SWIA) board created under NCGS 159G-70. This fund also serves as the State and Federal operating centers, which support the Community Development Block Grants - Infrastructure (CDBG-I) program. The CDBG-I grant program is part of the block grant received from the US Department of Housing and Urban Development, by the NC Dept. of Commerce which DENR now administers these funds. The program funds critically needed public water and sewer infrastructure serving residential areas of at least 51% low to moderate income, as defined by HUD. The funds cannot be used in business or industrial areas.

1490-Water Supply Protection

This fund supports the Public Water Supply Section (PWSS) whose mission is to promote public health by ensuring that safe, potable water is available in adequate quantities through the regulation of public water systems within the state under the statutory authority of G.S. 130A Article 10. Public water systems are those that provide piped drinking water to at least 15 connections or 25 or more people 60 or more days per year. The PWSS reviews and approves public water supply sites, reviews plans and specifications for new or expanding public water supplies, reviews water sample results from public water supplies, and conducts routine compliance inspections of public water supplies and emergency investigations of spills and other sources of contamination. The staff also trains and consults with water system operators, loan or grant assistance to local governments, makes sanitary surveys of public water systems, and issues annual operating permits to community and non-transient, non-community water systems. This fund provides processes management and administrative support for the Division of Water Resources. A component of this fund includes receipts received for the certification of water system operators. These receipts are specifically designated by the legislature to support operator certification, per GS 90A-27. Relevant service activities include maintenance and issuance of certifications of approximately 7,200 operators across the State, review, approval and data tracking of continuing education courses for 3,060 operators each year and administration of approximately 1,500 examinations each year.

1495-Shellfish Sanitation

This fund supports the Shellfish Sanitation and Recreational Water Quality Section. Coastal shell fishing waters and recreational swimming waters are classified by a sanitary survey including shoreline surveillance, bacteriological water sampling, hydrographic studies and laboratory bacteriological analysis of all samples collected to delineate healthy shellfish harvesting waters and to determine if recreational waters are safe for bodily contact activities. Additionally, it ensures that shellfish and crustacea are handled and processed in a sanitary manner for human consumption by permitting/certifying processing plants. Both coastal water classification for shellfish and certification of shellfish processing plants are done in accordance with National Shellfish Sanitation Program compliance as evaluated by the US Food and Drug Administration.

The Albemarle-Pamlico National Estuary Partnership works in cooperation with agencies, private organizations, and landowners to identify, restore and protect resources in within the Albemarle-Pamlico watershed in NC and VA. The goal is to maintain functional ecosystems through the identification, assessment, planning, monitoring, and stewardship activities. Programs included are: the Albemarle-Pamlico National Estuary Partnership, and the Coastal Habitats Coordinator which works with DEQ to foster implementation of the NC Coastal Habitat Protection Plan.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1615-Division of Environmental Assistance and Customer Service (DEACS)

This is one of several funds managed by the Division of Environmental Assistance and Customer Service. This is a non-regulatory program whose services include: operation of the state recycling program; hands-on small business compliance assistance; one-stop permit coordination; recognition of environmental excellence among industries, municipalities and institutions; assistance to business in implementing energy and water use reductions and pollution prevention techniques; and assistance to regulated entities in understanding environmental permitting and compliance requirements; energy saving performance contracting oversight; and operation of the Utility Savings Initiative to deploy energy efficiency programs in state, university, community colleges K-12 public school systems, county governments and municipal governments that will reduce energy usage and save money for the state of North Carolina. Specific inquiries and technical assistance on a wide range of environmental issues is provided via site visits, case studies, webinars, workshops, conferences, phone and email, development and dissemination of guidance materials, and operation of a staffed toll-free phone number. This assistance reduces operating costs for businesses, local governments and institutions while simultaneously reducing their impact on the environment.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1620-Division of Water Resources Water Planning

This fund supports the Water Resources Planning Section (WRPS) of the Division of Water Resources (DWR). The management activities mission of the WRPS is to develop strategic planning information for the management of the State, the ecological health and integrity of the North Carolina's surface waters, and the long term sustainability of ground waters. In order to execute this primary mission, the WRMS performs the following specific functions: Development of hydrologic models and river basin water resources plans; Management of the Interbasin Transfer (IBT) program; Technical reviews of hydropower licenses and other water projects in order to maintain the ecological integrity of NC's surface waters; Technical assistance to public water systems in the development of Local Water Supply Plans and Water Shortage Response Plans; State-level drought management and the administration of the Drought Management Advisory Council; Installation and monitoring of a statewide network of groundwater monitoring wells used to assess the quantity of available groundwater supplies; Management of the 15-county Capacity Use Area, which regulates the withdrawal of groundwater in a portion of NC's coastal plain; Administration and management of the Water Resources Development Grant Program that provides State cost-sharing funds for water related projects, such as dredging, beach nourishment, flood control, and stream restoration; Technical assistance for the management and resolution of inter-state water issues involving water allocation questions.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1625-Coastal Management

This fund supports the Division of Coastal Management in the administration of the state's federally approved coastal program, which works to protect, conserve and manage North Carolina's coastal resources through an integrated program of planning, permitting, education and research. The division carries out the NC Coastal Area Management Act, the NC Dredge and Fill Law, and the federal Coastal Zone Management Act of 1972 in the state's 20 coastal counties. The division administers coastal development permits and related compliance and enforcement activities; reviews federal projects for consistency with NC coastal policies; and provides financial and technical assistance for local government land-use planning and enhanced public access to beach and waterfront sites. Coastal Management staff manage a system of ten protected Coastal Reserve sites for long-term research, education, and stewardship of unique coastal habitats; administers the state's Clean Marina, Clean Boater, and marina pump-out grant programs; and provides environmental education programs for educators, students, elected officials, land-use planners, and other key decision-makers. The fund also supports other program areas, including beach and inlet management through the collection and analysis of data related to coastal erosion, inlet dynamics, storms, and impacts to coastal development; coastal policy development; and habitat identification and mapping.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1635-Division of Water Resources - Laboratory Services Water Sciences Section

This fund provides analytical services programs related to ambient monitoring, compliant response, special studies, and emergency response (fish kills, spills, etc.) throughout the Division and for other Divisions within the Department of Environmental Quality as necessary. In addition, the lab services certifies private laboratories to ensure high quality data results and provides consultation on improving laboratory quality assurance. These services are essential to evaluate surface water and groundwater quality as well as the level of treatment from private and public wastewater treatment systems.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1660-Groundwater Protection

This fund is used to improve protection of groundwater quality through resource characterization and monitoring, developing appropriate groundwater quality standards, issuing well construction permits and maintaining permit compliance information, protecting groundwater used for drinking water, resource evaluation, and enhancing public participation in groundwater protection. This fund is supported solely by a grant from EPA.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1665-Underground Storage Tanks - Leaking

The purpose of this fund is to permit UST facilities, inspect UST systems to ensure compliance, provide alternative drinking water supplies, direct and oversee responsible parties in the assessment and cleanup of releases from USTs, and conduct assessments and cleanups of releases from USTs where there are no viable responsible parties. This fund is supported by federal grants from EPA. GS 143-215.94T

14300-Department of Environmental Quality - General Fund

1671-Underground Storage Tanks - Compliance, Inspection & Permitting

The purpose of this fund is to permit UST facilities, inspect UST systems to ensure compliance and direct and oversee responsible parties in the assessment and cleanup of releases from USTs where there are no viable responsible parties, and reimburse responsible parties for the costs of cleaning up releases. This fund is appropriations and receipt supported by revenue that is received in budget code 64305 from the UST Commercial fund. GS 143-215.94T

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1690-Water Resources - Control

This fund is used to monitor, evaluate and enhance surface water and groundwater resource quality in the state; issue permits for disposal of wastewater; issue approvals for impacts to surface waters, wetlands and protected riparian buffers; and develop strategies to maintain and improve water quality through the basin wide approach to water quality management. This fund also is used to inspect permitted facilities for compliance with state and federal water quality rules and regulations; to take appropriate enforcement action to encourage compliance; to provide technical assistance and to certify operators of wastewater treatment facilities to encourage optimal operation. This fund supports the development of scientifically-based water quality standards to protect water quality; evaluation and modeling impacts of pollutant loadings and the investigation of environmental emergencies, such as chemical spills and fish kills. Responsible for monitoring 707 ambient surface water monitoring stations through the collection of water samples; the inspection and monitoring of 1,661 wastewater treatment plants that discharge treated wastewater to surface waters or to the land through spray irrigation; inspection of 2,609 single family residences discharging and non-discharging wastewater treatment systems; inspection and monitoring of 2,402 animal feeding operation facilities for swine, cattle and poultry; inspection and monitoring of \$110,063 acres of land application fields that receive wastewater treatment plants residuals; inspection and monitoring of 20,338 acres of land application sites receiving treated wastewater. These responsibilities are partially covered in the Division's other funds in 14300 as well: 1660, 1695, 1720.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1695-Water Resources - Permit Fee

This fund is used to monitor, evaluate and enhance surface water and groundwater resource quality in the state; issue approvals for impacts to surface waters, wetlands and protected riparian buffers; issue permits for disposal of wastewater; and develop strategies to maintain and improve water quality through the basin wide approach to water quality management. This fund also is used to inspect permitted facilities for compliance with state and federal water quality rules and regulations; to take appropriate enforcement action to encourage compliance; to provide technical assistance and to certify operators of wastewater treatment facilities to encourage optimal operation. This fund supports the development of scientifically-based water quality standards to protect water quality; evaluation and modeling impacts of pollutant loadings and the investigation of environmental emergencies, such as chemical spills and fish kills. It is important to note that by statute (G.S. 143-215) there is a limitation on the amount of the permit receipts that can be used to support the program. Thus, other fund sources are necessary to support the division's needs. This is one of 8 funds with positions (1635, 1660, 1690, 1695, 1705, 1710, 1720, and 1725 in budget code 14300) for the Division of Water Resources.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1705-Water Resources - Albemarle/Pamlico Sounds

This fund is receipted through contract agreements with other agencies to monitor, evaluate and enhance water quality in the state through specific projects funding. These projects include assistance to the Department of Transportation for wetland projects and issuance of permits (Federal Clean Water Act 401 Water Quality Certifications), identification of sources of impairment for impacted watersheds (i.e., North Carolina Ecosystem Enhancement Program), and development of the coastal component (i.e., habitat enhancement) of the non-point source management program.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1710-Water Resources - EPA Grant

The purpose of this fund (aka the 205(j) grant) is to monitor, evaluate and enhance water quality in the state through Environmental Protection Agency project grants. Examples of these projects include studies of waterborne mercury in North Carolina, contracts for the completion of Total Maximum Daily Loads on the state's impaired waters, the delineation of the Level IV Eco region mapping for North and South Carolina and pass-through grants to local and regional governments and non-profit organizations for water quality planning and education. Over 40 percent of the federal 205(j) grant is required to be pass-through to lead regional organizations. This fund is supported by the Environmental Protection Agency grants.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1720-Water Resources - Non-Point Source

This fund implements the NC Nonpoint Source Management Program, including the 319(h) Grant program, which focuses on restoring waters impaired by nonpoint sources of pollution. The competitive program funding is used to fund projects which implement approved watershed plans to restore impaired waters. The program also develops and implements comprehensive regulatory nutrient reduction strategies in prioritized watersheds; models and evaluates the impacts of pollutant loadings on surface waters; and supports programs in sister agencies that manage nonpoint sources of pollution from land use categories such as agriculture, forestry, onsite wastewater disposal, and erosion associated with construction activities. The fund is supported by an annual Environmental Protection Agency grant.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1725-Wetlands - Program Development

These receipted Environmental Protection Agency funds are used to monitor and evaluate wetland condition throughout the state and to develop tools to support North Carolina's wetland regulations, including the 401 Water Quality Certification rules, the riparian buffer rules, and the compensatory mitigation program. Appropriated funds must be used as a match for these federal funds. The grants are issued on a competitive basis for short term periods (one to three years).

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1735-Geological Survey

This fund provides state appropriated positions and partial support costs to conduct geological investigations into the geology, mineral resources, oil and gas potential, and geological hazards in the state with the dual purposes of both public safety / welfare and economic development. Appropriated salaries and employee benefits are used as match to leverage federal and state grants to conduct detailed geological investigations including geologic mapping, earth science education and responses to public inquiries. The Survey also provides emergency response in cases of geological hazard incidents by supporting state agencies, local governments and the State Emergency Operations Center with technical expertise on subjects such as landslides, sinkholes, earthquakes, and oil spills. Staff also provides technical analyses on several longer-range issues such as the vulnerability of coastal landforms by mapping the locations of potential sand resources for beach nourishment; and providing information on the natural occurrence of arsenic and radon gas. Grants and contracts from other state agencies provide a cost-effective method of sharing the survey's expertise on applied geologic issues on state parks and other public lands.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1740-Land Quality

This fund is used to implement the Sedimentation Pollution Control Act (SPCA) of 1973, the Dam Safety Law of 1967 the Mining Act of 1971 and various state and federally mandated Storm water Management Programs. The Section uses the monies in this fund to conduct plan reviews and inspect construction sites for permit compliance; inspect dams for safety; issue dam safety approvals for construction, repair, and modification; provide technical assistance to mine operators to foster compliance with reclamation requirements; inspect and permit mines; conduct inspections of construction sites and necessary enforcement; review and issue permits under various storm water programs and pursue enforcement as necessary; and provide assistance to local government, the public, and the regulated community.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1749-DENR - Energy Office

The purpose of this fund is to administer the Utility Savings Initiative; to deploy energy efficiency and renewal energy programs in state, university, and community college facilities that will reduce energy usage and save money for the state of North Carolina; to provide on-site surveys, energy audits, and training; to provide technical assistance to deploy energy saving capital improvements in public buildings; to deploy renovations for public buildings using sustainable methods to avoid resource depletion of energy, water, and raw materials; and to prevent environmental degradation caused by facilities infrastructure throughout their life cycle.

160-Department of Environmental Quality

14300-Department of Environmental Quality - General Fund

1770-Air Quality Control

This fund is used by the Division of Air Quality to monitor the air quality of the state, prepare plans and models to determine appropriate air quality control standards, inspect and permit stationary air emissions sources and reduce emissions from mobile sources. This fund is supported by Environmental Protection Agency grants.

2119-Mercury Pollution Prevention

The purpose of this fund is to support implementation and operation of the Mercury Switch Removal Program. The removal of the mercury switches from "end-of-life" vehicles is required prior to the crushing, shredding, and/or smelting of these vehicles as scrap metal. The removal of these mercury switches from the processed scrap metal greatly reduces the mercury air emissions at electric arc furnace steel making facilities located within North Carolina. To achieve the maximum compliance benefit, the program also reimburses vehicle recyclers for each mercury switch removed and properly recycled.

Program is expiring FY 16/17.

Per legislation moved to Gen. Fund (1760-2119) 7/1/16.

2333-Air Quality - Clean Air Act

This fund is used for the collection of air quality Title V fees. Title V is a federally mandated permit program that establishes limits on emissions from large stationary sources of air pollution. Per the Clean Air Act, funds collected under the Title V program must be used to support the Title V program.

2338-Inspection and Maintenance - Air Pollution

The Division of Air Quality (DAQ) receives fees for the State's Vehicle Inspection and Maintenance (I&M) program. These funds are used to fund the DAQ portion of the I&M Program. GS 143-215.3A established the Inspection and Maintenance Program and states "The I&M Air Pollution Control Account is established as a non-reverting account within DENR. Fees transferred to DAQ pursuant to GS 20-183.7(c)(2) shall be credited to the I&M Air Pollution Control Account and shall be applied to the cost of developing and implementing an Air Pollution Control Program for Mobile Sources."

2356-Express Permitting

This program provides an expedited permit review for certain construction-related permits without compromising the quality of the review. This streamlined process requires a pre-application meeting with owners and consultants, adherence to strict deadlines by all parties and review by experienced staff. To improve the quality of initial permit applications, this program encourages better communication of expectations from the outset. The express permitting program was created in response to customer demand to reduce process times for economic development and job creation projects.

2387-Hazardous Waste Fees

The purpose this fund is to provide for technical assistance and waste minimization efforts, ensure timely review of permit applications, improve monitoring and compliance at hazardous waste facilities, conduct inspections and provide technical support. Funds are the result of annual fees charged to generators and transporters of hazardous waste and to hazardous waste storage, treatment and disposal facilities. Funds are transferred to general Fund 1760-7610 for administrative purposes including staff and program support. GS 130A-294.1

2389-DWM - Registered Environmental Consultants Program

The purpose of this fund is to provide support for parties wanting to conduct Voluntary site remedial actions at lower priority sites which are managed by the Registered Environmental Consultant Program (REC). The REC not only conducts the cleanup for their client (the owner or responsible party), they also make specific certifications that each document and each work phase is in compliance with the REC program rules and laws. The REC's certification is accepted in place of state staff oversight. A portion of the cases are audited to ensure compliance and to enforce REC Program rules, if necessary. Volunteering parties participating in the program pay a small fee to help support the administration of the program. Administration activities include approval of qualifications of applicant REC's, training, technical support and auditing to ensure their performance protects public health. State law and rules require that the state charge responsible parties a fee to cover the program cost. The fee can only be used for this purpose and any money remaining when a party completes a cleanup must be returned to the party.

2393-Septage Fees

The purpose of this fund is to provide support for the Septage Management Program, which regulates transportation, storage, proper reuse and disposal of septage, and provides operator registration and training. Receipts are from fees charged to septage firms based on the number of pumper trucks.

160-Department of Environmental Quality

24300-Department of Environmental Quality - Special

2406-Weatherization Program 3yr - FY 13-16

The purpose of this fund is to track the 3 year Weatherization Program awarded by the US Department of Energy. The North Carolina Weatherization Program works to improve energy efficiency, household safety, and educate the public on energy efficiency. The program's focus is on the elderly, disabled, families with children, consumers with high energy usage and the energy burdened. The goal is to keep North Carolina citizens warm in the winter, cool in the summer and safe all year long while maintaining energy efficiency.

2410-Conservation Grant Fund

The purpose of the Conservation Grant Fund (N.C.G.S. 113A-232) is to stimulate the use of conservation easements, to improve the capacity of private nonprofit land trust organizations to successfully accomplish conservation projects, to better equip real estate related professionals to pursue opportunities for conservation, to increase landowner participation in land and water conservation, and to provide an opportunity to leverage private and other public monies for conservation easements. The fund is managed by the DEQ Stewardship Program which works to ensure that State-held conservation easements and properties are managed to protect water quality, wildlife habitat, and provide open space. The endowment for these activities is held under budget code 64307, funds 6704, 6705, and 6706.

2430-Energy-Revolving Loan

The Energy Revolving Loan program offers low-interest loans to industry, commercial businesses, local government units and nonprofit organizations to install energy cost-saving capital improvements in buildings and industrial manufacturing processes. Funds are used to provide technical assistance for energy conserving capital improvements in local government and school buildings.

160-Department of Environmental Quality

24300-Department of Environmental Quality - Special

2480-SEP Formula

The State Energy Program (SEP) provides administrative support for energy related programs funded by the US Department of Energy. This includes administrative funding for salaries, benefits and operating funds for employees that administer the SEP programs which address energy efficiency, renewable energy and energy conservation programs in state government, local government, residential, industrial, commercial and alternative fuels sectors. These programs address the problems and concerns of potential energy shortages, environmental pollution and the need for economic development.

2625-Mine Reclamation

This fund consists of mine reclamation bond forfeitures that are used to contract reclamation work on mine sites that the mine operator failed to reclaim, and is a holding account for cash mine reclamation bonds when an applicant submits a cash bond to obtain a mining permit. The purpose of the reclamation is to minimize the future safety and environmental hazard potential and to restore the site to a useful function. This fund has no FTE's.

160-Department of Environmental Quality

24300-Department of Environmental Quality - Special

2930-DMS - Administration

Fund 2930 is the salary and operating for all positions established due to a partnership with the US Army Corps of Engineers through an instrument and an operating Memorandum of Agreement with NC Department of Transportation (NC DOT). This fund is completely supported by the NC Department of Transportation (NC DOT). This fund exists for NCDOT tracking capabilities. Actual expenditures and FTE's were in budget code 24308 prior to 7/1/08. As of 7/1/08, these funds were moved to budget code 24300.

2938-DMS-Sparrow Modeling

Data collection, modeling, interpretation and reporting will be conducted by the USGS, under the direction and supervision of the DMS. NFWF grant funds will be applied to the nine river basins (Broad, Cape Fear, Catawba, Dan, French Broad, Lumber, Roanoke, Neuse, and Yadkin) covered as part of the NFWF - NC and Virginia River and Waters Program. Fund to be allocated proportionally to basins within the three settlement districts (Eastern, Middle, and Western), based on the relative amount of settlement river basin area within the district.

2940-DMF - Federal Contracts

This fund is used to prevent reversion of unspent Federal receipts for reimbursement of services. This fund was created to deposit unspent federal receipts at the end of a fiscal year for use the next year within the timeline of the contract and the purpose of the contract. Federal reimbursement receipts are subject to the same Federal Acquisition Regulations as direct Federal grants. The regulation states that invoices for payment and funds received are for the purpose of the contract only. Reversion of Federal receipts would cause us to be operating outside of the code of Federal Regulation.

160-Department of Environmental Quality

24301-Department of Environmental Quality - Reserve for Air Quality - Fuel Tax

2334-Air Quality - Fuel Tax

The Division of Air Quality(DAQ) receives 28.1% of a 1/2 cent per gallon fuel tax that the state collects. G.S. 143-215.3A indicates that these funds “shall be used to administer the air quality program.” These funds are used to support the general expenses for the division, with emphasis on Mobile Sources.10% of the revenue DAQ receives is used to fund Local Air Pollution Control Program Expenses.

160-Department of Environmental Quality

24303-Department of Environmental Quality - Marine Fisheries Conservation

2990-Conservation Fund

This fund allows the Marine Fisheries Commission per G.S. 143b-289.59, to accept gifts, donations, or other contributions from any sources. These funds are used solely for the purpose of marine and estuarine resource management, including education on the importance of conservation. The special Conservation Fund is subject to oversight of the State Auditor pursuant to Article 5A of Chapter 147 of the General Statutes. Emblems of different sizes, shapes, types, or designs may be used to recognize contributions in different amounts, but no emblem shall be issued for a contribution amounting in value to less than five dollars (\$5.00). (1997-400, s. 2.1.)

160-Department of Environmental Quality

24304-Department of Environmental Quality - Wetlands Trust Fund

2981-Compensatory Mitigation

Fund 2981 accounts for fees collected under the establishment of the Ecosystem Restoration Fund, GS 143-214.12. Fees are collected from the private sector and government agencies for impacts to water resources that require compensatory mitigation. Acceptance and payment satisfies the conditions of the Clean Water Act as regulated by federal and state agencies. Lost functions to water, vegetation, and soil resources are replaced by the restoration of degraded wetlands and streams.

2982-Riparian Buffer Restoration

Fund 2982 and 2982-9829 (Riparian Buffer Restoration Fund, GS 143-414.21) is the repository for fees collected by the Division of Mitigation Services associated with the Riparian Buffer Mitigation and Nutrient Offset Programs. Funds are used to develop buffer restoration and nutrient reduction projects (such as storm water wetlands) that satisfy state permit requirements assumed by the program when payments are made. .

160-Department of Environmental Quality

24304-Department of Environmental Quality - Wetlands Trust Fund

2984-DMS - Tri-Party Memorandum of Agreement Fund

Fund 2984 (Ecosystem Restoration Fund, GS 143-214.12) is the repository for funds collected by the Division of Mitigation Services (DMS) from the NC Department of Transportation (NCDOT). Through an agreement with the US Army Corps of Engineers and NCDOT, DMS provides compensatory stream and wetland mitigation to offset impacts associated with the NCDOT's road building program, in accordance with the requirements of the Clean Water Act.

160-Department of Environmental Quality

24306-Department of Environmental Quality - Reserve for Dry Cleaning Solvent

2127-Clean-Up Dry Cleaning Solvent

The purpose of this fund is to assess and cleanup dry-cleaning solvent contamination at dry-cleaning facilities and to develop and enforce rules to prevent releases. Receipts are from a tax on dry-cleaning solvent and a sales tax on dry-cleaning services.

2359-DMF Advance License Sales Odd Year

The fund accounts for various commercial license receipts in support of the Division of Marine Fisheries mission of ensuring sustainable fisheries and habitats for the benefit of the public. These sales are held April through June each calendar year. Commercial licenses are regulated by G.S. 113-168 through G.S. 113-173. Revenues are eligible for transfer to all operating funds within the Division of Marine Fisheries in support of expenditures in Center 1325 for the License and Trip Ticket Administration, Fisheries Information Network, and Marine Patrol. This fund has no FTE's. Once funds are in Center 1325, those funds are used to administer commercial and recreational fishing licenses and permitting to identify marine and estuarine fishermen for fishing impact analyses and possible fishery management actions. Funds generated from sale of commercial licenses are eligible for transfer to all operating funds within Marine Fisheries budget.

2500-DCM - Coastal and Estuarine Water Beach Access Fund

General Statute 113-44.15(b)(3) provides that five percent of the Park and Recreation Trust Fund be directed to the Coastal and Estuarine Water Beach Access Program. The program is administered by the Division of Coastal Management. Grants are awarded annually to local governments to achieve the purposes of the program. This new fund is requested to track individual grants utilizing RCC's.

2997-DWR Coastal Storm Damage Fund

The Coastal Storm Damage Mitigation Fund is established as a special revenue fund. The Fund consists of General Fund appropriations, gifts, grants, devises, monies contributed by a non-State entity for a particular beach nourishment or damage mitigation project or group of projects, and any other revenues specifically allocated to the Fund by an act of the General Assembly. Revenue credited to the Fund may only be used for costs associated with beach nourishment, artificial dunes, and other projects to mitigate or remediate coastal storm damage to the ocean beaches and dune systems of the State. Return of Non-State Entity Funds. – Non-State entities that contribute to the Fund for a particular project or group of projects may make a written request to the Secretary that the contribution be returned if the contribution has not been spent or encumbered within two years of receipt of the contribution by the Fund. If the written request is made prior to the funds being spent or encumbered, the Secretary shall return the funds to the entity within 30 days after the later of (i) receiving the request or (ii) the expiration of the two-year period described by this subsection.

2054-Bernard Allen Emergency Drinking Water

The purpose of this fund is to support sampling of contaminated or potentially contaminated private water supply wells and to provide alternate water supplies in cases where there are no known responsible parties, where the owner meets a lower-income threshold, and where the contamination exceeds drinking water standards. The fund may be used to pay for administration of the program as well.

160-Department of Environmental Quality

24318-Department of Environmental Quality - Special General Fund - Interest Bearing

2353-DMF-Commercial Fishing Resource Fund

This fund accounts for various commercial license receipts in support of the Division of Marine Fisheries incidental take permit (At Sea Observer Program). The Funding Committee decide projects for funding after the expenditures for the incidental take permits (At Sea Observer Program) have been met.

2358-DMF Commercial Fishing Fund Project

The Funding Committee decide projects for funding after the expenditures for the incidental take permits (At Sea Observer Program) have been met. This fund will track the projects which the Funding Committee has approved through their established process. The division needs a second fund to move the revenues available for other projects. Keeping the funds separate is paramount to ensuring the funds are available annually for support of the At Sea Observer Program.

160-Department of Environmental Quality

24323-Department of Environmental Quality - Marine Resources Fund

2142-CRFL Sales Data Support

Both the Wildlife Resources Commission and the Marine Fisheries Commission approved using the revenues from the Marine Resources Fund to support Coastal Recreational Fishing Licenses (CRFL) sales and data support. This project was funded to improve the Division of Marine Fisheries commercial and recreational license sales and customer service capability, including improving internal and external license sales, enhancements, maintenance, supervision, etc., at the license sales offices. This fund is interest bearing.

160-Department of Environmental Quality

24323-Department of Environmental Quality - Marine Resources Fund

2143-Fisheries Independent Program

Both the Wildlife Resources Commission and the Marine Fisheries Commission approved using the revenues from the Marine Resources Fund to support this project. This project will augment the Marine Fisheries division's ability to collect and analyze essential data used to produce the Fisheries Management Plans (FMPs) for recreationally important species and to help determine overfishing status, levels of spawning stock biomass, mortality, recruitment and sustainable harvest levels which form the basis for all management actions recommended in FMPs. This fund is interest bearing.

160-Department of Environmental Quality

24323-Department of Environmental Quality - Marine Resources Fund

2144-DMF - SR Stock Assessment

This fund accounts for funds appropriated by the 2007 General Assembly (HB 1473) for a Marine Fisheries Division Stock Assessment Scientist to head the Division's efforts at conducting stock assessments and mandated that the money come from the Marine Resources Fund. Stock assessments are conducted for state FMPs as well as Atlantic States Marine Fisheries Commission (ASMFC) and National Marine Fisheries Services (NMFS) Council Plans, which are of increasing complexity and importance. This fund is interest bearing.

2145-CRFL Implementation

The 2006 General Assembly approved \$375,000 as a one-time appropriation and then transferred the budget to the revenues generated from the Coastal Recreational Fishing Licenses (CRFL) and deposited in the Marine Resources Fund. These funds provide the Marine Fisheries division with the necessary technical support and infrastructure to implement and support the CRFL. This fund is interest bearing.

160-Department of Environmental Quality

24323-Department of Environmental Quality - Marine Resources Fund

2204-Recreational Commercial Gear License

This fund accounts for the sales of the Recreational Commercial Gear License. G.S. 113-173 requires a license for taking marine fish for recreational purposes by commercial fishing gear. The revenues are eligible for transfer to all operating funds within the Marine Fisheries division budget.

160-Department of Environmental Quality

24323-Department of Environmental Quality - Marine Resources Fund

2F06-Recreational Data Collection

Both the Wildlife Resources Commission and the Marine Fisheries Commission approved using the revenues from the Marine Resources Fund to support this project. This project will augment the Marine Fisheries division's ability to collect and analyze essential data used to produce the Fisheries Management Plans (FMPs) for recreationally important species and to help determine overfishing status. This fund is interest bearing.

2F09-Minimize Habitat Impacts

Both the Wildlife Resources Commission and the Marine Fisheries Commission approved using the revenues from the Marine Resources Fund to support this project. The Fisheries Reform Act states that the legislative goal of the Coastal Habitat Protection Plan (CHPP) is to enhance the coastal fisheries associated with each habitat. This project will enhance the divisions' ability to adequately review permit applications and coordinate among permitting and resource agencies to minimize and avoid habitat impacts and enforce existing habitat protection rules. This fund is interest bearing.

160-Department of Environmental Quality

24323-Department of Environmental Quality - Marine Resources Fund

2F35-NC State University - Diet Comp Pred Fish

Both the Wildlife Resources Commission and the Marine Fisheries Commission approved using the revenues from the Marine Resources Fund to support these projects. These projects are funded for universities to do research needed for fisheries or habitat. This project monitored predator diets over a broad geographic area through time to address current questions related to species interactions. This fund is interest bearing.

160-Department of Environmental Quality

24323-Department of Environmental Quality - Marine Resources Fund

2H40-DMF - CRFL Habitat Strategy

Both the Wildlife Resources Commission and Marine Fisheries Commission approved using the revenues from the Marine Resources Fund to support Habitat projects. Habitat projects include activities related to identifying, protecting, managing, conserving, restoring, enhancing, and mapping critical aquatic habitats, including implementation of the Coastal Habitat Protection Plan recommendations. Specific project examples include mapping of vital aquatic vegetation beds by aerial photography or acquisition of wetlands adjacent to fish nursery areas. This fund is interest bearing.

160-Department of Environmental Quality

24325-Department of Environmental Quality - Federal Energy Regulatory Commission - Interest Bearing

2053-DWR - FERC Cheoah River Relicense

The purpose of this Fund is to support efforts within the scope of the Fish and Wildlife Coordination Act, the Endangered Species Act, and Section 10 of the Federal Power Act including, but not limited to, monitoring of biotic and abiotic parameters; addition of large woody debris, gravel and vegetation management in the Cheoah River below Santeetlah Dam; and other natural resource stewardship activities, including, but not limited to threatened and endangered species recovery efforts; control of exotic species; and environmental outreach and education, directly related to those basin resources affected by ongoing project operations on the Cheoah and Little Tennessee rivers, in particular the Santeetlah and Cheoah developments, and the portion of the Calderwood Development in North Carolina. The Federal Energy Regulatory Commission (FERC) issued a new license for the Tapoco Hydroelectric Project on January 25, 2005. The FERC approved the transfer of the license and the sale of the appurtenances for the Tapoco Hydroelectric Project from Alcoa Power Generating Inc. to Brookfield Smoky Mountain Hydropower LLC (BSMH) on October 4, 2012. The Tapoco Project Relicensing Settlement Agreement (RSA), filed with FERC in May 2004, established the N.C. Resource Management and Enhancement Fund. The FERC acknowledged the Fund and included it in the project's license. The Fund is administered by the Fund Board, composed of authorized representatives of the N.C. Wildlife Resources Commission, N.C. Department of Environment and Natural Resources, USDA Forest Service, U.S. Fish and Wildlife Service, and the Eastern Band of the Cherokee Indians. The project license obligated the licensee to provide an initial deposit of \$100,000 then annual deposits of \$25,000 (both in inflation adjusted dollars) except for the final three years of the 40-year license. The RSA requires an annual report be prepared and distributed to Board members and that BSMH file the report with FERC by June 30. The Fund Board delegated the Division of Water Resources (DWR) to administer and disperse the Fund. The fiduciary agreement requires that DWR submit to all members of the Fund Board and licensee a detailed annual accounting of the Fund as of December 31 of the prior year, including all income and disbursements; an accounting of all cost-share or other contributions to the Fund for the prior calendar year; commitments of funds not yet invoiced as of December 31 of the prior year; the balance of funds available for expenditure in the next year minus remaining commitments and anticipated expenses; and a statement of all fiduciary expenses for the prior year. Funded projects have included captive culture and reintroduction of fishes and mussels; propagation of wounded darters; management of Yellow Creek exotic vegetation; and gravel cleaning and installation. The fund also supported graduate student research through Virginia Polytechnic Institute and State University, which yielded at least five articles published in refereed journals.

2327-DW High Unit Grant Closing Fees

Drinking Water High Unit Cost Grants (HUC) are for the purpose of constructing critical water infrastructure. Applicant's residential customer's annual avg. water and/or sewer bill must be over the HUC threshold of 1.5% of Median Household Income (MHI) for both or 0.75% of MHI for either water or sewer service in accordance with NCGS 159G-20(10), in order to be eligible for HUC consideration.

160-Department of Environmental Quality

24327-Department of Environmental Quality - WIF Local Supplemental Grants

2346-CW Asset Invent & Assess

Clean Water Asset Inventory & Assessment grants (AIAs) are limited to \$150,000, over a period of 3 years, to the same local government unit or nonprofit water corporation. Affordability Criteria do not limit the grant percentage or the eligibility for these grants. A match is required, however, based on the Local Government Unit indicators: percent population changed, poverty rate, median household income (MHI), percent unemployment, and property valuation per capita, including the indicators compare with the State benchmarks.

160-Department of Environmental Quality

64301-Department of Environmental Quality - Waste Water Operations Training

6342-Wastewater Treatment Plant - Operations

This fund supports the training and certification of operators for water pollution control systems throughout North Carolina. More than 10,000 operators pay annual certification fees, which are used to administer programs that support the Water Pollution Control System Operators Certification Commission, as established by the legislature in GS90A-42. Relevant service activities include maintenance and issuance of certifications for approximately 13,616 operators, review, approval and data tracking of 1,997 continuing education courses and administration of approximately 2,000 examinations each year.

6760-Solid Waste Management Outreach Program

This is one of several funds managed by the Division of Environmental Assistance and Customer Services. This program provides grant support to local governments to expand and improve their recycling materials management programs and to recycling businesses to expand and improve their collection, processing, and end-use of recycled materials. This program reduces North Carolina's dependence on solid waste landfills, captures the environmental benefits of material recovery, enhances the availability and cost-effectiveness of public recycling services, and creates job growth and business opportunities in the recycling sector.
