Eligibility determinations for NC Pre-K participants may continue through local education agencies and local North Carolina Partnership for Children, Inc., partnerships. Other than developmental disabilities or other chronic health issues, the Division shall not consider the health of a child as a factor in determining eligibility for participation in the NC Pre-K program.

**SECTION 9D.1.(b) Multi-year Contracts.** – The Division of Child Development and Early Education shall require the NC PreK contractor to issue multiyear contracts for licensed private child care centers providing NC PreK classrooms.

**SECTION 9D.1.(c) Building Standards.** – Notwithstanding G.S. 11091(4), private child care facilities and public schools operating NC PreK classrooms shall meet the building standards for preschool students as provided in G.S. 115C521.1.

**SECTION 9D.1.(d) Programmatic Standards.** – Except as provided in subsection (c) of this section, entities operating NC PreK classrooms shall adhere to all of the policies prescribed by the Division of Child Development and Early Education regarding programmatic standards and classroom requirements.

**SECTION 9D.1.(e) NC PreK Committees.** – Local NC PreK committees shall use the standard decision-making process developed by the Division of Child Development and Early Education in awarding NC PreK classroom slots and student selection.

**SECTION 9D.1.(f) Reporting.** – The Division of Child Development and Early Education shall submit an annual report no later than March 15 of each year to the Joint
Legislative Oversight Committee on Health and Human Services, the Office of State Budget and Management, and the Fiscal Research Division. The report shall include the following:

2. The number of children participating in the NC Pre-K program who have never been served in other early education programs such as child care, public or private preschool, Head Start, Early Head Start, or early intervention programs.
3. The expected NC Pre-K expenditures for the programs and the source of the local contributions.
4. The results of an annual evaluation of the NC Pre-K program.

SECTION 9D.1.(g) Audits. – The administration of the NC Pre-K program by local partnerships shall be subject to the financial and compliance audits authorized under G.S. 143B168.14(b).

EXPAND AND SUSTAIN NC PRE-K

SECTION 9D.2. Of the funds appropriated in this act to the Department of Health and Human Services, Division of Child Development and Early Education, funds shall be allocated to raise the base slot reimbursement rates for the North Carolina Prekindergarten, increase the administration rate to ten percent (10%), and increase the number of slots available statewide. To support the slots increase, the Division of Child Development and Early Education may offer grants to facilities to undergo upgrades necessary to offer NC Pre-K. It is the intent of the General Assembly that the reimbursement rate funds allocated pursuant to this section be used to increase the salaries of licensed B-K teachers working in private or Head Start NC Pre-K classrooms. These funds shall be used as a means to address disparities in teacher salaries among teachers working in child care centers versus those working in public schools.

CHILD CARE SUBSIDY RATES

SECTION 9D.3.(a) The maximum gross annual income for initial eligibility, adjusted annually, for subsidized child care services shall be determined based on a percentage of the federal poverty level as follows:

<table>
<thead>
<tr>
<th>AGE</th>
<th>INCOME PERCENTAGE LEVEL</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 5</td>
<td>200%</td>
</tr>
<tr>
<td>6 – 12</td>
<td>133%</td>
</tr>
</tbody>
</table>

The eligibility for any child with special needs, including a child who is 13 years of age or older, shall be two hundred percent (200%) of the federal poverty level.

SECTION 9D.3.(b) Fees for families who are required to share in the cost of care are established based on ten percent (10%) of gross family income. When care is received at the blended rate, the copayment shall be eighty-three percent (83%) of the fulltime copayment. Copayments for parttime care shall be seventy-five percent (75%) of the fulltime copayment.

SECTION 9D.3.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

1. Religious sponsored child care facilities operating pursuant to G.S. 110106 and licensed child care centers that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (f) of this section.

2. Licensed child care centers and homes with three or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower. Licensed child care centers and homes with three or more stars and serving children ages birth through five years shall receive the statewide floor rate, an average of rates
across the state by age and star level, when the county market rate is lower than the statewide floor, unless prohibited by subsection (g) of this section.

(3) Certified Developmental Day Centers shall receive the statewide average or county market rate, whichever is higher, plus a multiplier of 0.75 for children with special needs and multiplier of 0.5 for typically developing children.

(4) No payments shall be made for transportation services charged by child care facilities.

(5) Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment. This shall not be determined before a family’s annual recertification period.

(6) The Department of Health and Human Services shall implement necessary rule changes to restructure services.

SECTION 9D.3.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and homebased care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 9D.3.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.

SECTION 9D.3.(f) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one or two-star rated facilities. For those counties with an inadequate number of four and five-star rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties where there is an inadequate number of four and five-star rated facilities for non-star rated programs, such as religious programs.

SECTION 9D.3.(g) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (f) of this section, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 9D.3.(h) Payment for subsidized child care services provided with Temporary Assistance for Needy Families Block Grant funds shall comply with all regulations
and policies issued by the Division of Child Development and Early Education for the subsidized child care program.

SECTION 9D.3.(i) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

1. The child for whom a child care subsidy is sought is receiving child protective services or foster care services.
2. The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.
3. The child for whom a child care subsidy is sought is a citizen of the United States.

SECTION 9D.3.(j) The Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC PreK Program or Head Start.

SECTION 9D.3.(k) Department of Defense-certified child care facilities licensed pursuant to G.S. 110106.2 may participate in the State-subsidized child care program that provides for the purchase of care in child care facilities for minor children in needy families, provided that funds allocated from the State-subsidized child care program to Department of Defense-certified child care facilities shall supplement and not supplant funds allocated in accordance with G.S. 143B168.15(g). Payment rates and fees for military families who choose Department of Defense-certified child care facilities and who are eligible to receive subsidized child care shall be as set forth in this section.

SECTION 9D.3.(l) Effective January 1, 2024, the Division shall increase the child care subsidy reimbursement rates to those recommended in the 2018 Child Care Market Rate Study. The Division may also use funds appropriated for Child Care Subsidy to serve more children and reduce the waitlist.

CHILD CARE ALLOCATION FORMULA

SECTION 9D.4.(a) The Department of Health and Human Services, Division of Child Development and Early Education (Division), shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

1. Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than the applicable federal poverty level percentage set forth in Section 9D.3(a) of this act.
2. The Division may withhold up to two percent (2%) of available funds from the allocation formula for (i) preventing termination of services throughout the fiscal year and (ii) repayment of any federal funds identified by counties as overpayments, including overpayments due to fraud. The Division shall allocate to counties any funds withheld before the end of the fiscal year when the Division determines the funds are not needed for the purposes described in this subdivision. The Division shall submit a report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division, which report shall include each of the following:
a. The amount of funds used for preventing termination of services and
the repayment of any federal funds.
b. The date the remaining funds were distributed to counties.
c. As a result of funds withheld under this subdivision and after funds
have been distributed, any counties that did not receive at least the
amount the counties received the previous year and the amount by
which funds were decreased.

The Division shall submit a report in each year of the 2023-25 fiscal biennium
30 days after the funds withheld pursuant to this subdivision are distributed
but no later than April 1 of each respective year.

(3) The Division shall set aside four percent (4%) of child care subsidy allocations
for vulnerable populations, which include a child identified as having special
needs and a child whose application for assistance indicates that the child and
the child's family is experiencing homelessness or is in a temporary living
situation. A child identified by this subdivision shall be given priority for
receiving services until such time as set-aside allocations for vulnerable
populations are exhausted.

**SECTION 9D.4.(b)** The Division may reallocate unused child care subsidy voucher
funds in order to meet the child care needs of low-income families. Any reallocation of funds
shall be based upon the expenditures of all child care subsidy voucher funding, including North
Carolina Partnership for Children, Inc., funds within a county. Counties shall manage service
levels within the funds allocated to the counties. A county with a spending coefficient over one
hundred percent (100%) shall submit a plan to the Division for managing the county's allocation
before receiving any reallocated funds.

**SECTION 9D.4.(c)** When implementing the formula under subsection (a) of this
section, the Division shall include the market rate increase in the formula process rather than
calculating the increases outside of the formula process. Additionally, the Department shall do
the following:

(1) Deem a county's initial allocation as the county's expenditure in the previous
fiscal year or a prorated share of the county's previous fiscal year expenditures
if sufficient funds are not available.

(2) Effective immediately following the next new decennial census data release,
implement (i) one-third of the change in a county's allocation in the year
following the data release, (ii) an additional one-third of the change in a
county's allocation beginning two years after the initial change under this
subdivision, and (iii) the final one-third change in a county's allocation
beginning the following two years thereafter.

**SMART START INITIATIVES**

and its Board shall ensure policies focus on the North Carolina Partnership for Children, Inc.’s
mission of improving child care quality in North Carolina for children from birth to five years of
age. North Carolina Partnership for Children, Inc. funded activities shall include assisting child
care facilities with (i) improving quality, including helping one, two, and three-star-rated
facilities increase their star ratings, and (ii) implementing prekindergarten programs. State
funding for local partnerships shall also be used for evidence-based or evidence-informed
programs for children from birth to five years of age that do the following:

(1) Increase children's literacy.
(2) Increase the parents' ability to raise healthy, successful children.
(3) Improve children's health.
(4) Assist four and five-star-rated facilities in improving and maintaining quality.
SECTION 9D.5.(b) Administration. – Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide allocation to all local partnerships. For purposes of this subsection, administrative costs shall include costs associated with partnership oversight, business and financial management, general accounting, human resources, budgeting, purchasing, contracting, and information systems management. The North Carolina Partnership for Children, Inc., shall continue using a single statewide contract management system that incorporates features of the required standard fiscal accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships are required to participate in the contract management system and, directed by the North Carolina Partnership for Children, Inc., to collaborate, to the fullest extent possible, with other local partnerships to increase efficiency and effectiveness.

SECTION 9D.5.(c) Salaries. – The salary schedule developed and implemented by the North Carolina Partnership for Children, Inc., shall set the maximum amount of State funds that may be used for the salary of the Executive Director of the North Carolina Partnership for Children, Inc., and the directors of the local partnerships. The North Carolina Partnership for Children, Inc., shall base the schedule on the following criteria:

1. The population of the area serviced by a local partnership.
2. The amount of State funds administered.
3. The amount of total funds administered.
4. The professional experience of the individual to be compensated.
5. Any other relevant factors pertaining to salary, as determined by the North Carolina Partnership for Children, Inc.

The salary schedule shall be used only to determine the maximum amount of State funds that may be used for compensation. Nothing in this subsection shall be construed to prohibit a local partnership from using non-State funds to supplement an individual's salary in excess of the amount set by the salary schedule established under this subsection.

SECTION 9D.5.(d) Match Requirements. – The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the 2023-25 biennium. Of the funds that the North Carolina Partnership for Children, Inc., and the local partnerships are required to match, contributions of cash shall be equal to at least thirteen percent (13%) and in-kind donated resources shall be equal to no more than six percent (6%) for a total match requirement of nineteen percent (19%) for each year of the 2023-25 fiscal biennium. The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Division of Employment Security of the Department of Commerce in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions, incurred by other participating non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local partnerships also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

1. Be verifiable from the contractor's records.
2. If in-kind, other than volunteer services, be quantifiable in accordance with generally accepted accounting principles for nonprofit organizations.
3. Not include expenses funded by State funds.
(4) Be supplemental to and not supplant preexisting resources for related program activities.

(5) Be incurred as a direct result of the Early Childhood Initiatives Program and be necessary and reasonable for the proper and efficient accomplishment of the Program's objectives.

(6) Be otherwise allowable under federal or State law.

(7) Be required and described in the contractual agreements approved by the North Carolina Partnership for Children, Inc., or the local partnership.

(8) Be reported to the North Carolina Partnership for Children, Inc., or the local partnership by the contractor in the same manner as reimbursable expenses.

Failure to obtain a nineteen percent (19%) match by June 30 of each year of the 2023-25 fiscal biennium shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Oversight Committee on Health and Human Services in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

SECTION 9D.5.(e) Bidding. – The North Carolina Partnership for Children, Inc., and all local partnerships shall use competitive bidding practices in contracting for goods and services on contract amounts as follows:

(1) For amounts of five thousand dollars ($5,000) or less, the procedures specified by a written policy as developed by the Board of Directors of the North Carolina Partnership for Children, Inc.

(2) For amounts greater than five thousand dollars ($5,000), but less than fifteen thousand dollars ($15,000), three written quotes.

(4) For amounts of forty thousand dollars ($40,000) or more, a request for proposal process and advertising in a major newspaper.

SECTION 9D.5.(f) Allocations. – The North Carolina Partnership for Children, Inc., shall not reduce the allocation for counties with less than 35,000 in population below the 2012-13 funding level.

SECTION 9D.5.(g) Performance-Based Evaluation. – The Department of Health and Human Services shall continue to implement the performance-based evaluation system.

SECTION 9D.5.(h) Expenditure Restrictions. – Except as provided in subsection (i) of this section, the Department of Health and Human Services and the North Carolina Partnership for Children, Inc., shall ensure that the allocation of funds for Early Childhood Education and Development Initiatives for the 2023-25 fiscal biennium shall be administered and distributed in the following manner:

(1) Capital expenditures are prohibited for the 2023-25 fiscal biennium. For the purposes of this section, "capital expenditures" means expenditures for capital improvements as defined in G.S. 143C-1-1(d)(5).

(2) Expenditures of State funds for advertising and promotional activities are prohibited for the 2023-25 fiscal biennium.

For the 2023-25 fiscal biennium, local partnerships shall not spend any State funds on marketing campaigns, advertising, or any associated materials. Local partnerships may spend any private funds the local partnerships receive on those activities.

SECTION 9D.5.(i) Notwithstanding subsection (h) of this section, the North Carolina Partnership for Children, Inc., and local partnerships may use up to one percent (1%) of State funds for fundraising activities. The North Carolina Partnership for Children, Inc., shall
include in its annual report required under G.S. 143B168.12(d) a report on the use of State funds for fundraising. The report shall include the following:

1. The amount of funds expended on fund-raising.
2. Any return on fund-raising investments.
3. Any other information deemed relevant.

SECTION 9D.5.(j) Notwithstanding other subsections of this section, and in recognition of both Smart Start’s essential work and the statewide child care need, the Division shall set aside ninety million dollars ($90,000,000) in each year of the total funds appropriated to Smart Start in the 2023-25 fiscal biennium to establish and fund a statewide rate floor for child care subsidy. This set-aside shall expire at the end of this fiscal biennium.

SECTION 9D.6.(b) Evaluation – The Division of Child Development and Early Evaluation shall use a portion of funds provided for Early Learning Programs for Eligible Children to conduct a program evaluation. The department may consult with the Office of State Budget and Management for assistance on how to develop a plan for evaluation, including how to register a pre-analysis plan. The department shall report annually to OSBM and the Fiscal Research Division on the progress of the evaluation and, when completed, make the pre-analysis plan and final evaluation report publicly available.

These

OAH shall continue the Memorandum of Agreement (MOA) with DHHS for mediation services provided for Medicaid recipient appeals and contracted services necessary to conduct the appeals process. The MOA will facilitate DHHS's ability to draw down federal Medicaid funds to support this administrative function. Upon receipt of invoices from OAH for covered services rendered in accordance with the MOA, DHHS shall transfer the federal share of Medicaid funds drawn down for this purpose.

ACCOUNTING FOR MEDICAID RECEIVABLES AS NONTAX REVENUE

SECTION 9E.4.(a) The Department of Health and Human Services, Division of Health Benefits, receivables reserved at the end of the 2023-24 and 2024-25 fiscal years shall, when received, be accounted for as nontax revenue for each of those fiscal years. **OPIOID ABATEMENT REVENUE TECHNICAL ADJUSTMENT**

**SECTION 9G.2.(a)** Section 9F.1(a) of S.L. 2021-180 reads as rewritten:

"SECTION 9F.1.(a) The Opioid Abatement Reserve (Reserve) is established in the General Fund to maintain funds received by the State as a beneficiary of the final consent judgment resolving the case, State of North Carolina, ex rel. Joshua H. Stein, Plaintiff v. McKinsey and Company, Inc., in the General Court of Justice, Superior Court Division, Wake County and any other funds received by the State as a result of a settlement, as defined in G.S. 114-2.4A, relating to claims regarding the manufacturing, marketing, distribution, dispensing, or sale of opioids. Monies in the Reserve shall be made available to (i) cover the costs incurred by the State in investigating and pursuing these claims and (ii) abate and remediate the harms caused to North Carolina and its citizens by the opioid epidemic. These receipts are appropriated to the Fund in the year which they are received and shall be used in accordance with this act. Funds from the Reserve may be allocated or expended only by an act of appropriation by the General Assembly. The Opioid Abatement Fund (Fund) is created in the Department of Health and Human Services (Department) as a special fund consisting of all interest and investment earnings received on monies in the Fund. The State Controller shall transfer from the Reserve to the Fund the sum of fifteen million seven hundred thirty-five thousand four hundred ninety-six dollars ($15,735,496) for the 2021-22 fiscal year and the sum of eight hundred twelve thousand two hundred fifty dollars ($812,250) for the 2022-23 fiscal year. These funds are appropriated to the Department to be used and allocated as set forth in subsection (b) of this section."

**SINGLE-STREAM FUNDING FOR DMH/DD/SAS COMMUNITY SERVICES**

**SECTION 9G.3.(a)** For the purpose of mitigating cash flow problems that many local management entities/managed care organizations (LME/MCOs) experience at the beginning of each fiscal year relative to single-stream funding, the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (DMH/DD/SAS), shall distribute not less than one-twelfth of each LME/MCO's base budget allocation at the beginning of the fiscal year and subtract the amount of that distribution from the LME/MCO's total reimbursements for the fiscal year. For each month of the fiscal year after July, DMH/DD/SAS shall distribute, on the third working day of the month, one-eleventh of the amount of each LME/MCO's single-stream allocation that remains after subtracting the amount of the distribution that was made to the LME/MCO in July of the fiscal year.

LME/MCO shall reduce funding for (i) home and community-based services or (ii) services paid
for with single-stream funding that support the 2012 settlement agreement entered into between
the United States Department of Justice and the State of North Carolina to ensure that the State
will willingly meet the requirements of the Americans with Disabilities Act of 1990, section 504
of the Rehabilitation Act of 1973, and the United States Supreme Court decision in Olmstead v.
L.C., 527 U.S. 581 (1999). This subsection shall not be construed to require an LME/MCO to
authorize or maintain the same level of services for any specific individual whose services were
paid for with single-stream funding. This subsection shall not be construed to create a private
right of action for any person or entity against the State of North Carolina or the Department of
Health and Human Services or any of its divisions, agents, or contractors and shall not be used
as authority in any contested case brought pursuant to Chapter 108C of the General Statutes or
Chapter 108D of the General Statutes.

SECTION 9G.3.(c) If, on or after June 1, 2024, OSBM certifies a Medicaid and NC

for the 2023-24 fiscal year, then DHB shall transfer to DMH/DD/SAS funds not to exceed the
amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less.

SECTION 9G.3.(d) If, on or after June 1, 2025, OSBM certifies a Medicaid and NC

amount of the certified surplus or thirty million dollars ($30,000,000), whichever is less.

of Health and Human Services, Division of Mental Health, Developmental Disabilities, and

implement a two-tiered system of payment for purchasing these local inpatient psychiatric beds
or bed days based on acuity level with an enhanced rate of payment for inpatient psychiatric beds
or bed days for individuals with higher acuity levels, as defined by DHHS. The enhanced rate of
payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels shall
not exceed the lowest average cost per patient bed day among the State psychiatric hospitals. In
addition, at the discretion of the Secretary of Health and Human Services, existing funds allocated
to LME/MCOs for community-based mental health, developmental disabilities, and substance
abuse services may be used to purchase additional local inpatient psychiatric beds or bed days.

SECTION 9G.4.(b) Distribution and Management of Beds or Bed Days. DHHS
shall work to ensure that any local inpatient psychiatric beds or bed days purchased in accordance
with this section are utilized solely for individuals who are medically indigent, except that DHHS
may use up to ten percent (10%) of the funds appropriated in this act to the Department of Health
and Human Services, Division of Mental Health, Developmental Disabilities, and Substance
Abuse Services, for the purchase of local inpatient psychiatric beds or bed days to pay for facility-
based crisis services and nonhospital detoxification services for individuals in need of these
services, regardless of whether the individuals are medically indigent. For the purposes of this
subsection, "medically indigent" shall mean uninsured persons who (i) are financially unable to
obtain private insurance coverage, as determined by DHHS, and (ii) are not eligible for
government-funded health coverage such as Medicare or Medicaid.

In addition, DHHS shall work to ensure that any local inpatient psychiatric beds or bed days
purchased in accordance with this section are distributed across the State and according to need,
as determined by DHHS. DHHS shall ensure that beds or bed days for individuals with higher
acuity levels are distributed across the State and according to greatest need based on hospital bed
utilization data. DHHS shall enter into contracts with LME/MCOs and local hospitals for the
management of these beds or bed days. DHHS shall work to ensure that these contracts are
awarded equitably around all regions of the State. LME/MCOs shall manage and control these
local inpatient psychiatric beds or bed days, including the determination of the specific local
hospital or State psychiatric hospital to which an individual should be admitted pursuant to an
involuntary commitment order.

SECTION 9G.4.(c) Funds to be Held in Statewide Reserve. – Funds appropriated in
this act to DHHS for the purchase of local inpatient psychiatric beds or bed days shall not be
allocated to LME/MCOs but shall be held in a statewide reserve at the Division of Mental Health,
Developmental Disabilities, and Substance Abuse Services to pay for services authorized by the
LME/MCOs and billed by the hospitals through the LME/MCOs. LME/MCOs shall remit claims
for payment to DHHS within 15 working days after receipt of a clean claim from the hospital
and shall pay the hospital within 30 working days after receipt of payment from DHHS.

SECTION 9G.4.(d) Ineffective LME/MCO Management of Beds or Bed Days. – If
DHHS determines that (i) an LME/MCO is not effectively managing the beds or bed days for
which it has responsibility, as evidenced by beds or bed days in the local hospital not being
utilized while demand for services at the State psychiatric hospitals has not decreased, or (ii) the
LME/MCO has failed to comply with the prompt payment provisions of this section, DHHS may
contract with another LME/MCO to manage the beds or bed days or, notwithstanding any other
provision of law to the contrary, may pay the hospital directly.

SECTION 9G.4.(e) Reporting by LME/MCOs. – LME/MCOs shall be required to
report to DHHS regarding the utilization of these beds or bed days.

SECTION 9G.4.(f) Reporting by DHHS. – By no later than December 1, 2024, and
by no later than December 1, 2025, DHHS shall report to the Joint Legislative Oversight
Committee on Health and Human Services and the Fiscal Research Division on all of the
following:

(1) A uniform system for beds or bed days purchased during the preceding fiscal
year from (i) existing State appropriations and (ii) local funds.

(2) An explanation of the process used by DHHS to ensure that, except as
otherwise provided in subsection (a) of this section, local inpatient psychiatric
beds or bed days purchased in accordance with this section are utilized solely
for individuals who are medically indigent, along with the number of
medically indigent individuals served by the purchase of these beds or bed
days.

(3) The amount of funds used to pay for facility-based crisis services, along with
the number of individuals who received these services and the outcomes for
each individual.

(4) The amount of funds used to pay for nonhospital detoxification services, along
with the number of individuals who received these services and the outcomes
for each individual.

The Guardianship Assistance Program shall include provisions for extending guardianship services for individuals and youth who exited foster care through the Guardianship Assistance Program after 14 years of age or who have attained the age of 18 years and opt to continue to receive guardianship services until reaching 21 years of age if the individual is (i) completing secondary education or a program leading to an equivalent credential, (ii) enrolled in an institution that provides postsecondary or vocational education, (iii) participating in a program or activity designed to promote, or remove barriers to, employment, (iv) employed for at least 80 hours per month, or (v) incapable of completing the educational or employment requirements of this section due to a medical condition or disability. The Guardianship Assistance Program rates shall reimburse the legal guardian for room and board and be set at the same rate as the foster care room and board rates in accordance with rates established under G.S. 108A-49.1.

CHILD WELFARE POSTSECONDARY SUPPORT PROGRAM (NC REACH)

SECTION 9J.5.(a) Funds appropriated in this act from the General Fund to the Department of Health and Human Services for the child welfare postsecondary support program shall be used to continue providing assistance with the "cost of attendance" as that term is defined in 20 U.S.C. § 1087ll for the educational needs of foster youth aging out of the foster care system, youth who exit foster care to a permanent home through the Guardianship Assistance Program (GAP), or special needs children adopted from foster care after age 12. These funds shall be allocated by the State Education Assistance Authority.

SECTION 9J.5.(b) Of the funds appropriated in this act from the General Fund to the Department of Health and Human Services, the sum of fifty thousand dollars ($50,000) for each year of the 2023-25 fiscal biennium shall be allocated to the North Carolina State Education Assistance Authority (SEAA). The SEAA shall use these funds only to perform administrative functions necessary to manage and distribute scholarship funds under the child welfare postsecondary support program.

SECTION 9J.5.(c) Of the funds appropriated in this act from the General Fund to the Department of Health and Human Services, the sum of three hundred thirty-nine thousand four hundred ninety-three dollars ($339,493) for each year of the 2023-25 fiscal biennium shall be used to contract with an entity to administer the child welfare postsecondary support program described under subsection (a) of this section, which administration shall include the performance of case management services.

SECTION 9J.5.(d) Funds appropriated in this act to the Department of Health and Human Services for the child welfare postsecondary support program shall be used only for students attending public institutions of higher education in this State.

FEDERAL CHILD SUPPORT INCENTIVE PAYMENTS

SECTION 9J.6.(a) Centralized Services. – The North Carolina Child Support Services Section (NCCSS) of the Department of Health and Human Services, Division of Social Services, shall retain up to fifteen percent (15%) of the annual federal incentive payments it receives from the federal government to enhance centralized child support services. To accomplish this requirement, NCCSS shall do the following:
In consultation with representatives from county child support services programs, identify how federal incentive funding could improve centralized services.

(2) Use federal incentive funds to improve the effectiveness of the State's centralized child support services by supplementing and not supplanting State expenditures for those services.

(3) Continue to develop and implement rules that explain the State process for calculating and distributing federal incentive funding to county child support services programs.

SECTION 9J.6.(b) County Child Support Services Programs. – NCCSS shall allocate no less than eighty-five percent (85%) of the annual federal incentive payments it receives from the federal government to county child support services programs to improve effectiveness and efficiency using the federal performance measures. To that end, NCCSS shall do the following:

(1) In consultation with representatives from county child support services programs, examine the current methodology for distributing federal incentive funding to the county programs and determine whether an alternative formula would be appropriate. NCCSS shall use its current formula for distributing federal incentive funding until an alternative formula is adopted.

(2) Upon adopting an alternative formula, develop a process to phase in the alternative formula for distributing federal incentive funding over a four-year period.

SECTION 9J.6.(c) Reporting by County Child Support Services Programs. – NCCSS shall continue implementing guidelines that identify appropriate uses for federal incentive funding. To ensure those guidelines are properly followed, NCCSS shall require county child support services programs to comply with each of the following:

(1) Submit an annual plan describing how federal incentive funding would improve program effectiveness and efficiency as a condition of receiving federal incentive funding.

(2) Report annually on the following: (i) how federal incentive funding has improved program effectiveness and efficiency and been reinvested into their programs, (ii) provide documentation that the funds were spent according to their annual plans, and (iii) explain any deviations from their plans.

SECTION 9J.6.(d) Reporting by NCCSS. – NCCSS shall submit a report on federal child support incentive funding to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division by November 1 of each year. The report shall describe how federal incentive funds enhanced centralized child support services to benefit county child support services programs and improved the effectiveness and efficiency of county child support services programs. The report shall further include any changes to the State process the NCCSS used in calculating and distributing federal incentive funding to county child support services programs and any recommendations for further changes.

SUCCESSFUL TRANSITION/FOSTER CARE YOUTH

SECTION 9J.7.(a) The Foster Care Transitional Living Initiative Fund shall continue to fund and support transitional living services that demonstrate positive outcomes for youth, attract significant private sector funding, and lead to the development of evidence-based programs to serve the at-risk population described in this section. The Fund shall continue to support a demonstration project with services provided by Youth Villages to (i) improve outcomes for youth ages 17-21 years who transition from foster care through implementation of outcome-based Transitional Living Services, (ii) identify cost-savings in social services and juvenile and adult correction services associated with the provision of Transitional Living
Services to youth aging out of foster care, and (iii) take necessary steps to establish an evidence-based transitional living program available to all youth aging out of foster care. In continuing to implement these goals, the Foster Care Transitional Living Initiative Fund shall support the following strategies:

1. Transitional Living Services, which is an outcome-based program that follows the Youth Villages Transitional Living Model. Outcomes on more than 7,000 participants have been tracked since the program's inception. The program has been evaluated through an independent randomized controlled trial. Results indicate that the Youth Villages Transitional Living Model had positive impacts in a variety of areas, including housing stability, earnings, economic hardship, mental health, and intimate partner violence in comparison to the control population.

2. Public-Private Partnership, which is a commitment by private-sector funding partners to match at least twenty-five percent (25%) of the funds appropriated to the Foster Care Transitional Living Initiative Fund for the 2023-25 fiscal biennium for the purposes of providing Transitional Living Services through the Youth Villages Transitional Living Model to youth aging out of foster care.

3. Impact Measurement and Evaluation, which are services funded through private partners to provide independent measurement and evaluation of the impact the Youth Villages Transitional Living Model has on the youth served, the foster care system, and on other programs and services provided by the State which are utilized by former foster care youth.

4. Advancement of Evidence-Based Process, which is the implementation and ongoing evaluation of the Youth Villages Transitional Living Model for the purposes of establishing the first evidence-based transitional living program in the nation. To establish the evidence-based program, additional randomized controlled trials may be conducted to advance the model.

In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this act. If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this act, the Department shall develop a plan to adjust the Block Grants based on reduced federal funding. PART XL.  CAPITAL

GENERAL FUND CAPITAL APPROPRIATIONS/INTRODUCTION

SECTION 40.1. The appropriations made by the 2023 General Assembly for capital improvements are for constructing, repairing, or renovating State buildings, utilities, and other capital facilities, for acquiring sites for them where necessary, and for acquiring buildings and land for State government purposes.

CAPITAL APPROPRIATIONS / STATE CAPITAL AND INFRASTRUCTURE FUND

SECTION 40.2.(a) This subsection authorizes the capital projects listed in the Committee Report, and appropriates funding from the State Capital and Infrastructure Fund to the Office of State Budget and Management for the 2023-25 fiscal biennium based upon projected cash flow needs for the authorized projects. The amounts authorized in this subsection represent the maximum amounts of funding from the State Capital and Infrastructure Fund that may be expended on each project. An additional action by the General Assembly is required to increase the maximum authorization for any of the projects listed.

SECTION 40.2.(b) The funds in the State Capital and Infrastructure Fund allocated in the Committee Report for Community College Capital Allocations (but not High-Demand Workforce Capital Funds) should be distributed for the purposes and according to the schedule set out in S.L. 2021-180, Section 40.1.(e).

EXPENDITURE OF FUNDS ONLY AFTER ALLOTMENTS APPROVED

SECTION 40.3.(a) The appropriations made by the 2023 General Assembly for capital improvements shall be disbursed for the purposes provided by this act. Expenditure of funds shall not be made by any State department, institution, or agency until an allotment has been approved by the Governor as Director of the Budget. The allotment shall be approved only after full compliance with the State Budget Act, Chapter 143C of the General Statutes. Prior to the award of construction contracts for projects to be financed in whole or in part with self-liquidating appropriations, the Director of the Budget shall approve the elements of the method of financing of those projects, including the source of funds, interest rate, and liquidation period. Provided, however, that if the Director of the Budget approves the method of financing a project, the Director shall report that action to the Joint Legislative Commission on Governmental Operations at its next meeting.

SECTION 40.3.(b) Where direct capital improvement appropriations include the purpose of furnishing fixed and movable equipment for any project, those funds for equipment
shall not be subject to transfer into construction accounts except as authorized by the Director of
the Budget. The expenditure of funds for fixed and movable equipment and furnishings shall be
reviewed and approved by the Director of the Budget prior to commitment of funds.

SECTION 40.3.(c) Capital improvement projects authorized by the 2023 General
Assembly shall be completed, including fixed and movable equipment and furnishings, within
the limits of the amounts of the direct or self-liquidating appropriations provided, except as
otherwise provided in this act. Capital improvement projects authorized by the 2023 General
Assembly for the design phase only shall be designed within the scope of the project as defined
by the approved cost estimate filed with the Director of the Budget, including costs associated
with site preparation, demolition, and movable and fixed equipment.

"§ 18C-202. Reserved for future codification purposes.

"§ 18C-203. Integrity of competition and prohibited events.

(a) A sports governing body may submit to the Commission in writing a request to restrict, limit, or exclude a certain type, form, or category of sports wagering with respect to sporting events of such body, if the sports governing body believes that such type, form, or category of sports wagering with respect to sporting events of such body may undermine the
integrity or perceived integrity of such body or sporting events of such body. The Commission shall request comment from sports wagering operators on all such requests. After giving due consideration to all comments received, the Commission shall, upon a demonstration of good cause from the requestor that such type, form, or category of sports wagering is likely to undermine the integrity or perceived integrity of such body or sporting events of such body, grant the request. The Commission shall respond to a request concerning a particular event before the start of the event, or if it is not feasible to respond before the start of the event, no later than seven days after the request is made. If the Commission determines that the requestor is more likely than not to prevail in successfully demonstrating good cause for its request, the Commission may provisionally grant the request of the sports governing body until the Commission makes a final determination as to whether the requestor has demonstrated good cause. Absent such a provisional grant by the Commission, sports wagering operators may continue to offer sports wagering on sporting events that are the subject of such a request during the pendency of the Commission's consideration of the applicable request.

(b) The Commission and interactive sports wagering operators shall cooperate with investigations conducted by sports governing bodies or law enforcement agencies, including using commercially reasonable efforts to provide or facilitate the provision of sports wagering information. All disclosures under this section are subject to an interactive sports wagering operator's obligations to comply with all federal, State, and local laws and regulations, including those relating to privacy and personally identifiable information.

(c) Interactive sports wagering operators are not required to use official league data for determining any of the following:

   (1) The results of tier one sports wagers on sporting events of any organization whether headquartered in the United States or elsewhere.
   (2) The results of tier two sports wagers on sporting events of organizations that are not headquartered in the United States.

(d) A sports governing body may notify the Commission that it desires interactive sports wagering operators to use official league data to settle tier two sports wagers on sporting events of such sports governing body. Such notification shall be made in the form and manner as the Commission may require. The Commission shall notify each interactive sports wagering operator of a sports governing body's notification within five days of the Commission's receipt of such notification. If a sports governing body does not so notify the Commission, an interactive sports wagering operator is not required to use official league data for determining the results of tier two sports wagers on sporting events of such sports governing body.

(e) Within 60 days of the Commission notifying each interactive sports wagering operator of such a sports governing body notification to the Commission, or such longer period as may be agreed between the sports governing body and the applicable interactive sports wagering operator, interactive sports wagering operators shall use only official league data to determine the results of tier two sports wagers on sporting events of that sports governing body, unless any of the following apply:

   (1) The sports governing body or its designee cannot provide a feed of official league data to determine the results of a particular type of tier two sports wager, in which case interactive sports wagering operators are not required to use official league data for determining the results of the applicable tier two sports wager until such time as such a data feed becomes available from the sports governing body on commercially reasonable terms and conditions.
   (2) An interactive sports wagering operator can demonstrate to the Commission that the sports governing body or its designee will not provide a feed of official league data to the interactive sports wagering operator on commercially reasonable terms and conditions.
   (3) The sports governing body or its designee of the sports governing body does not obtain a supplier license from the Commission to provide official league data to
interactive sports wagering operators to determine the results of tier two sports wagers, if and to the extent required by law.

(f) During the pendency of the Commission's determination as to whether a sports governing body or its designee will provide a feed of official league data on commercially reasonable terms, an interactive sports wagering operator is not required to use official league data for determining the results of tier two sports wagers. The Commission's determination shall be made within 60 days of the interactive sports wagering operator notifying the Commission that it desires to demonstrate that the sports governing body or its designees will not provide a feed of official league data to the sports wagering operator on commercially reasonable terms. The following is a non-exclusive list of factors the Commission may consider in evaluating whether official league data is being offered on commercially reasonable terms and conditions for purposes of this subsection and subsections (d) and (e) of this section:

(1) The extent to which interactive sports wagering operators have purchased the same or similar official league data on the same or similar terms, particularly in jurisdictions where such purchase was not required by law, or was required by law, but only if offered on commercially reasonable terms.

(2) The nature and quantity of the official league data, including its speed, accuracy, reliability, and overall quality, as compared to comparable non-official data.

(3) The quality and complexity of the process used to collect and distribute the official league data as compared to comparable non-official data.

(4) The availability of a sports governing body's tier two official league data to an interactive sports wagering operator from more than one authorized source.

(5) Market information, including price and other terms and conditions, regarding the purchase by interactive sports wagering operators of comparable data for the purpose of settling sports wagers in this State and other jurisdictions.

(6) The extent to which sports governing bodies or their designees have made data used to settle tier two sports wagers available to interactive sports wagering operators and any terms and conditions relating to the use of that data.

(7) Any other information the Commission deems relevant.

(g) Interactive sports wagering operators shall, as soon as practicable, report to the Commission any information relating to abnormal betting activity or patterns that may indicate a concern with the integrity of a sporting event or events, or any other conduct that corrupts a sports wagering outcome of a sporting event or events for purposes of financial gain, including match fixing. The interactive sports wagering operator making such a report shall also simultaneously report such information to the relevant sports governing body.

§ 18C-209. Voluntary exclusion program.
(a) The Commission shall establish a voluntary exclusion program for any individual
shall be able to voluntarily exclude themselves from placing sports wagers through a voluntary
exclusion program established by the Commission. Interactive sports wagering operators
shall use reasonable means to comply with the exclusion of individuals participating in the
voluntary exclusion program by the Commission.
(b) The Commission shall adopt rules to establish the voluntary exclusion program, which
shall establish procedures for all of the following:
(1) Verification of the individual's request to be placed in the voluntary exclusion
program, and for how long, up to and including that individual's lifetime.

(5) The means by which the Commission shall make available to all interactive sports
wagering operators and their agents the names of the individuals participating the
voluntary exclusion program, which shall be at least quarterly.
(c) Participation in the voluntary exclusion program shall not preclude an interactive
sports wagering operator and its agents from seeking the payment of a debt accrued by the
individual prior to participating in the voluntary exclusion program.
(d) The voluntary exclusion program shall be exempt from Chapter 132 of the General
Statutes and shall be treated as confidential by each interactive sports wagering operator.

targeting direct marketing to individuals on the voluntary exclusion program.

operators and their service providers to employ systems that offset loss or manage or lay off risk
in the operation of sports wagering pursuant to this Article, including through liquidity pools,
exchanges, or similar mechanisms in another approved jurisdiction in which the interactive sports
wagering operator, service provider, or an affiliate of either or other third party also holds a
license or the equivalent, provided that at all times adequate protections are maintained to ensure
sufficient funds are available to pay all registered players.

§ 18C-212. Reserved for future codification purposes.

(a) Consistent with the intent of the United States Congress as articulated in the Unlawful Internet Gambling Enforcement Act of 2006 (31 U.S.C. § 5361 et seq.), the intermediate routing of electronic data relating to intrastate sports wagering authorized under this Article shall not determine the location or locations in which such sports wagers are initiated and received.

(d) Any federally recognized tribe, or business entity owned or controlled by the tribe, that is deemed an interactive sports wagering operator under this Article shall include authorization for any technology and sports wagering brand partners of the tribe or the business entity owned or controlled by the tribe, subject to compliance with the terms of this Article by the technology and sports wagering brand partners. The Commission may accept and issue applications for licensure in accordance with Article 10 of Chapter 18C of the General Statutes, as enacted by this act, in order that licensees may begin operations on January 1, 2024. If more than 12 completed applications are received, the Commission in its discretion shall select and notify, no later than December 1, 2023, notify the qualified applicants it determines will best serve the public interest in maximizing revenue to the State, while preserving the integrity of sports wagering and ensuring accountability and preserving the public trust in licensed sports wagering activities. SECTION 42.5.(e) Chapter 105 of the General Statutes is amended by adding a new Article to read:

"Article 2E.

§ 105-113.125. Definitions.
The definitions of G.S. 18C-901 apply to this Article.

§ 105-113.126. Privilege tax on interactive sports wagering operators.

(a) Tax. – A privilege tax at the rate of fourteen percent (14%) is imposed on an interactive sports wagering operator for the privilege of doing business in this State. The tax is imposed on the value of the privilege conferred upon the interactive sports wagering operator by the State by the granting of a license under Article 10 of Chapter 18C of the General Statutes.

(b) Determination of Value. – The value of the privilege conferred upon the interactive sports wagering operator is the adjusted gross wagering revenue of the operator as defined in G.S. 18C-190. No income, revenue, or expenses of the interactive sports wagering operator other
than those specified in this section are used to determine the value of the privilege conferred upon
the operator.

(1) Gross wagers. – All cash and promotional wagers received by the operator
from bettors as wagers. Gross wagers include all cash, cash equivalents and
promotional credit, including but not limited to free bet wagers, “no deposit”
bonus codes, “refer a friend” bonuses, deposit matched bets, reload bonuses,
risk free bets, and any other medium by which a bettor is allowed to place a
wager.

(2) Gross payouts. – All cash payouts made by the operator to bettors. Gross
payouts include all cash payouts, whether that payout is made in connection
with a wager that originated as a promotion or not, including but not limited
to odds boosts, bet insurance (if paid in cash), and cash outs. Gross payouts
do not include any items or credits that are given to bettors that cannot be
withdrawn by the bettor immediately such as play-through credits that are not
immediately recognizable as cash, reward, or loyalty points, or credit that can
be redeemed elsewhere such as hotel stays, travel, or dining credit.

(3) Adjusted gross revenue. – Gross wagering revenue received by an interactive
sports wagering operator from all sports wagers authorized under this Article
and calculated as gross wagers less gross payouts and less excise tax payments
on sports wagers remitted to the federal government.

(4) Carryforward. – If the adjusted gross revenue is a negative number for any
month, the interactive sports wagering operator may carry forward the
negative amount to the return filed for the subsequent month. No amount shall
be carried forward more than 12 months after the month in which the amount
carried forward was originally due.

(c) Return. – Taxes levied by this Article are due when a return is required to be filed.
The return is due on a monthly basis. A monthly return is due by the twentieth day of the month
following the calendar month covered by the return. A return is filed on a form prescribed by the
Secretary.

(d) Records. – A person who is required to file a return under this Article must keep a record
of all documents used to determine information the person provides in a return. These records shall
be open at all times for inspection by the Secretary or an authorized representative of the Secretary
and shall be kept for the applicable period of statute of limitations as set forth under G.S. 105-242.6
or G.S. 105-242.8.

(e) Refund. – An interactive sports wagering operator is allowed a refund of the tax paid
under this section on a sports wager that has been refunded to the registered player. The Secretary
shall prescribe the manner in which a taxpayer may request a refund under this subsection, which
may include allowing a credit for the amount refunded on a subsequent monthly return required under
this section.

§ 105-113.127. Bond or irrevocable letter of credit.
The Secretary may require an interactive sports wagering operator to furnish a bond in an
amount that adequately protects the State from an interactive sports wagering operator's failure
to pay taxes due under this Article. A bond must be conditioned on compliance with this Article,
payable to the State, and in the form required by the Secretary. The amount of the bond is two
times the interactive sports wagering operator's expected monthly tax liability under this Article,
as determined by the Secretary, provided the amount of the bond may not be less than fifty
thousand dollars ($50,000) and may not be more than two million dollars ($2,000,000). The
Secretary should periodically review the sufficiency of bonds required of interactive sports
wagering operators and increase the amount of a required bond when the amount of the bond
furnished no longer covers the anticipated tax liability of the interactive sports wagering operator
and decrease the amount when the Secretary determines that a smaller bond amount will
adequately protect the State from loss.
For purposes of this section, an interactive sports wagering operator may substitute an irrevocable letter of credit for the secured bond required by this section. The letter of credit must be issued by a commercial bank acceptable to the Secretary and available to the State as a beneficiary. The letter of credit must be in a form acceptable to the Secretary, conditioned upon compliance with this Article, and in the amounts stipulated in this section.

§ 105-113.128. Use of tax proceeds.
(a) The Secretary shall distribute the taxes collected under this Article, less the allowance to the Department of Revenue and reimbursement to the Lottery Commission for administrative expenses, in accordance with this section. The Secretary may retain the cost of collection by the Department, not to exceed five hundred thousand dollars ($500,000) a year, as reimbursement to the Department. The Lottery Commission shall, no later than 20 days after the end of the month, notify the Department of its expenses from administering the provisions of Article 10 of Chapter 18C of the General Statutes from the previous month. The Department shall reimburse the Lottery Commission from the tax revenues collected under this Article no later than the end of the month in which the Department was notified. The remainder of the net proceeds of the tax collected under this Article are to be credited to the North Carolina Education Lottery Fund.

SECTION 42.5.(f) G.S. 18C-114 reads as rewritten:

(14) To adopt and implement any rules necessary to carry out the provisions of this Chapter, resolving any conflicts in this Chapter to the best interest of the State.

(c) Any person who violates this section shall be guilty of a Class 1 misdemeanor.

SECTION 42.5.(j) The North Carolina State Lottery Commission shall use sufficient funds from the North Carolina State Lottery Fund to cover initial operating expenses of the Commission to implement Article 10 of Chapter 18C of the General Statutes, as enacted by this act, provided the total amount borrowed by the Commission shall not exceed ten million dollars ($10,000,000) without further action by the General Assembly. The Commission shall repay any funds used out of the North Carolina State Lottery Fund pursuant to this section within 36 months after the effective date of this act.

SECTION 42.5.(k) The North Carolina State Lottery Commission shall study the restrictions on number of licensees as established by G.S. 18C-193, as enacted by this act, and
shall report its findings, with any legislative recommendations, to the Joint Legislative Oversight Committee on the North Carolina State Lottery no later than October 1, 2025.
