Scenarios

1. If an employee was active on June 30, 2021, left state employment, but then returned to state employment on or before December 31, 2021, would they be eligible for the LI?
   • Yes, assuming the employee was still employed on 12/31/21. An employee would receive the 2.5% legislative increase, but the 2.5% would be added/paid retroactively only for the months in which the employee worked for the state. Therefore, the resulting dollar increase will be a prorated amount.

2. If an employee is active on June 30, 2021, with a salary of $50,000, and accepts a promotion with a salary change of $60,000 on October 1, 2021, will the 2.5% LI be based on the new salary as of October 1, 2021?
   • No, they will receive a 2.5% increase based on the June 30, 2021, salary. The LI amount on the June 30, 2021, salary will be added to the future dated salary action.
   • For example:
     o 6/30/2021 Salary: $50,000 (LI of 2.5%= $1,250)
     o 7/1/2021 Salary: $51,250 ($50,000 + $1,250)
     o 10/1/2021 Salary: $61,250 ($60,000 + $1,250)

3. If an employee is employed full-time on June 30, 2021, changes to part-time on October 1, 2021, and is still employed January 1, 2022, will the 2.5% LI be based on their part-time salary as of October 1, 2021?
   • No, they will receive a 2.5% increase on the June 30, 2021, salary. The LI will add the dollar amount increase from the June 30, 2021, salary to the future dated, part-time salary in October 1, 2021.

4. If an employee is active on June 30, 2021, and resigns on December 30, 2021, are they eligible to receive the LI?
   • Yes, the employee is eligible because they worked on the last available day of the month. In accordance with the OSHR Holidays Policy, when the holiday falls at the end of the month and the employee is in pay status through the last available workday, pay is received for the holiday. For purposes of the LI, “last day of work” refers to the last day on which the person is a paid state employee regardless, whether the employee came into the office on that day.

5. If an employee is on paid or unpaid LOA as of June 30, 2021, and is still employed on December 31, 2021, is this employee eligible for the LI?
   • Yes, since the employee was employed on June 30, 2021, and December 31, 2021, they are eligible to receive the 2.5% LI based on the June 30, 2021, salary.
