## Introduction

*The Base Budget Line Item Detail, 2025-27* is the baseline for the upcoming biennium. It details the Governor's recommended fiscal plan for continuing operations of the state of North Carolina for the upcoming biennium.

The base budget for each state agency represents the authorized budget for that agency with certain allowable adjustments (see "Base Budget" under Definitions below).

The various agencies of state government are grouped by the following functions, with a separate Base Budget report provided for each:

- Education
- General Government
- Health & Human Services
- Justice & Public Safety
- Natural & Economic Resources
- Transportation
- Statewide Reserves

These functional groupings correspond to the sections of the Governor's Recommended Budget.

The Base Budget is prepared by the Office of State Budget and Management (OSBM).

## How to Read the Base Budget

The Base Budget is organized by state agency/department by budget code. Each budget code is broken into one or more budget funds to separate and manage budgeting activities. Within each budget fund, accounts provide a method to categorize the requirement ("expense") or receipt type. Counts of the number of personnel positions, also known as full-time equivalents or FTE, are also provided.

Different reports show various breakdowns of the totals to provide greater transparency and visibility. Within the report, each budget code contains 4 different views:

- Summary
- Summary by Purpose/Fund
- Summary by Account
- Fund Detail by Account, with a description of the purpose of each budget fund

All reports are generated by the NC Integrated Budget Information System (NC IBIS) and are termed "Worksheet I" in NC IBIS.

Each report has eight main columns:

- 1) Description of the expenditure or receipt
- 2) Amount spent or received as of June 30 of the first year (2023-24) of the current biennium (2023-25)
- 3) OSBM certified amount for FY 2024-25, including legislatively authorized revisions.
- 4) OSBM authorized amount for FY 2024-25, including revisions authorized by legislation and/or by OSBM
- 5) Amount of recommended increase or decrease for the first year (2025-26) of the next biennium (2025-27), as compared to the current year (2024-25) authorized amount
- 6) Total amount requested for the first year (2025-26) of the next biennium (2025-27)
- 7) Amount of the recommended increase or decrease for the second year (2026-27) of the next biennium (2025-27), as compared to the current year (2024-25) authorized amount
- 8) Total amount requested for the second year (2026-27) of the next biennium

## Definitions

### Authorized Budget

The certified budget plus revisions delegated to the OSBM and to agencies by the State Budget Act.

### Base Budget

The portion of the recommended budget that provides the baseline for the next biennium. The base budget for each state agency is the authorized budget for that agency with adjustments for the following:

1. annualization of programs and positions;
2. reductions to adjust for items funded with nonrecurring funds during the prior fiscal biennium;
3. increases to adjust for nonrecurring reductions during the prior fiscal biennium;
4. adjustments for federal payroll tax changes;
5. rate increases in accordance with the terms of existing leases of real property;
6. adjustments to receipt projections, made in accordance with GS 143C-3-5(b)(2)c.;
7. reconciliation of intra-governmental and inter-governmental transfers.

### Budget Code

OSBM and the Office of State Controller together with the State Treasurer determine a five-digit number (budget code) for budgetary reporting. This number generally identifies major fund types and the responsible entity for reporting. The first digit is the fund type. The second and third digits are usually the department/division code.

Budget codes are established for the following fund types:

- 0xxxx - Institutional Funds Revenue
- 1xxxx – General Fund
- 2xxxx - Special Funds
- 3xxxx - Federal Funds
- 4xxxx - Capital Project Funds
- 5xxxx - Enterprise Funds
- 6xxxx – Trust and Agency Funds
- 7xxxx - Service Funds
- 8xxxx - Highway Funds

### Certified Budget

Once the state budget is approved by the General Assembly and released, the Office of State Budget and Management (OSBM) certifies the official budgets to state agencies. Agencies then operate with the new budget. The State Budget Officer certifies the appropriations, revenue, and condition of the fund to the Office of State Controller and the State Treasurer. The certified budget reflects budget revisions that were mandated by the General Assembly.

### Change Budget

The portion of the recommended budget that is an expansion or reduction from the base budget. The change includes enrollment adjustments, entitlement adjustments, one-time purchases, inflationary adjustments, new or expanded programs, as well as other adjustments.

### Budget Fund Code

Budget Funds (or budget centers) are established when authorized by the General Assembly; changes in the accounting standards; authorizations by OSBM; and/or grant awards from federal, state, local, or private agencies, or individuals. The budget fund code is a six-digit number that, with its parent budget code, uniquely identifies the fund.

### Recommended Budget

Total of the base and change budgets submitted by the Governor to the General Assembly.

### Worksheet I

A component of the NC Integrated Budget Information System (NC IBIS) used by state agencies to develop their budget requests for the General Assembly.

23004-Governor's Office - State Budget and Management - Education Lottery Reserve

201175-GOV 2C01 EDUCATION LOTTERY RESERVE BC 23004

The NC State Education Lottery was established in 2005 to generate funds for the following public purposes: to reduce class size in early grades; to support academic pre-kindergarten programs for at risk four year olds; to support public school construction; and to fund college and university scholarships. As part of the Act (S.L. 2005-344) that created the lottery, an Education Lottery Reserve was established that could be used in the event net revenues from the lottery fell short of the annual appropriation for the public purposes listed above.

**201505-SECST 2150 AUCTION RATE SECURITIES BC 23200**

The Securities Division investigates and prosecutes fraud in the sale of Auction Rate Securities to individuals and businesses; enforces payback of funds to businesses stuck with frozen investments, in order to fund their business plans and increase job creation; and frees up capital for use by investors and businesses. These returns of investment capital to investors and recoveries of investigative costs both exceed expenses of the program.

The purpose of the Unclaimed Property Division is to collect escheated and abandoned property, refund the property to its owner when found, and provide the interest earnings for student loans and financial aid. The division works to locate the owners of the property by various means, including listing names on the department's website, earning media coverage through television and newspapers, deliver annually Clerks of Court listings, and attending outreach events, such as the North Carolina State Fair, throughout the state to promote public awareness about the program. Also the division works to promote holder awareness of the program and their legislative requirements through compliance efforts, collaborating with trade and business organizations, and speaking engagements.

**100806-DST 1210 INVESTMENT MANAGEMENT BC 13410**

The purpose of the fund is to protect the assets of the North Carolina Retirement System (NCRS), to maintain reasonable costs related to managing the investments of NCRS, and to ensure retirement contributions are prudently invested in accordance with North Carolina General Statutes and Department of State Treasurer policies and guidelines. The division models a policy portfolio that should, over time, produce a return that exceeds actuarial requirements with prudent risk guidelines. The division also manages the Short Term Investment Fund for both internal and external (to the State) participants and the Ancillary Government Participant Investment Program for participants both internal to the State and external to the State that are not in NCRS.

The purpose of the Supplemental Retirement Income Plan of North Carolina is to attract and hold qualified employees and officials of the state of North Carolina and its political subdivisions by permitting them to participate in a deferred compensation plan, which will provide supplemental retirement income payments as allowed under § 401(k) of the Internal Revenue Code. The Plan is a voluntary tax-deferred savings/investment program designed to supplement members' replacement income in retirement through employer and employee contributions to individual participant accounts. The Plan is governed by the Supplemental Retirement Board of Trustees with the State Treasurer as chair. Empower, the Plan's third-party administrator, is responsible under the Plan Document adopted by the Board and the terms of the contract with the Board for all aspects of operating the Plan, including communications and recordkeeping.

**201852-DST 2730 403B PLAN ADMIN BC 23470**

Under the authority granted by section 115C-341.2 of the North Carolina General Statutes, the North Carolina Department of State Treasurer established an approved third-party vendor of retirement offerings as described in § 403(b) of the Internal Revenue Code of 1986. This 403(b) retirement offerings program, the North Carolina Public School Teachers' and Professional Educators' Investment Plan, can either be one of several vendors offered within an employer's 403(b) plan or can serve as the sole vendor within an employer's 403(b) plan. The Program is governed and overseen by the Department of State Treasurer and the North Carolina Supplemental Retirement Board of Trustees, with the State Treasurer as chair. Investment options within the Program are determined by the Department of State Treasurer and Board consistent with Internal Revenue Code restrictions. Empower serves as the Program's third-party vendor and recordkeeper. The North Carolina Supplemental Retirement Board of Trustees voted to dissolve the plan which will be completed December 31,2022.

**105900-NCHFA 1100 HFA-APPROPRIATION BC 13010**

Housing Finance Agency-Appropriations are used for the disbursement of appropriations made by the General Assembly for the Housing Trust Fund, the Home Protection Program, and part of the 25% match that is required for the State to receive funds allocated to it under federal HOME Program. The funds are transferred from this account to program fund accounts that are actively managed by the N.C. Housing Finance Agency. All the funds are used to increase the supply of housing for North Carolinians who have very low or low to moderate incomes. The Agency provides financing and technical assistance for the development, rehabilitation, or purchase of affordable housing, both rental and home ownership. In addition, it coordinates rental and mortgage assistance.

This fund is used for the operational transactions of the North Carolina Housing Finance Agency. The Agency is a self-supporting agency with an independent board of directors. The Agency was created to increase the supply of housing for North Carolinians who have very-low or low to moderate incomes. The Agency provides financing and technical assistance for the development, rehabilitation, or purchase of affordable housing, both rental and home ownership. It also manages foreclosure prevention loan programs to assist unemployed workers and coordinates rental and mortgage assistance. All operational functions are in support of these activities. The North Carolina Housing Finance Agency uses a cost allocation system that distributes all personnel and operating costs to its program areas. The distribution of dollars not only includes the direct cost of program staff for that service area, but also includes the time spent by support staff, human resources, accounting, budgeting, and upper management.

This fund is a federal formula block grant allocated to states and localities exclusively for the creation of affordable housing. The funds can be used to finance the acquisition, construction, and rehabilitation of affordable housing, down payment assistance, and rental subsidies. The North Carolina Housing Finance Agency administers the state's share of HOME Program funds to finance affordable housing in partnership with local governments, nonprofit organizations, and for-profit developers. The North Carolina General Assembly annually appropriates a portion of the 25% matching funds required to receive the federal funds.

The Company Services Group protects insurance consumers in North Carolina through the operation of a solvency surveillance program used to regulate insurance companies and other entities under the department's purview in order to effectively and efficiently minimize the risk of loss to insurance consumers in the state. This is accomplished by ensuring compliance with state laws, conducting reviews for the purpose of identifying early insurers with potential financial trouble, and, when necessary, executing appropriate regulatory action on a timely basis. These activities are performed in accordance with applicable professional standards and guidelines established by the Department of Insurance, the National Association of Insurance Commissioners (NAIC), and North Carolina General Statutes. The fund also provides actuarial support for all of the department's rate making and rate review activities.

**101611-DOI 1400 PRODUCERS AND PRODUCTS GROUP BC 13900**

The Producers and Products Group (PPG) directly assists and protects consumers its regulation of insurance products and premiums, and in the licensing and registration of selected insurance entities and individuals, as well as non-insurance related entities and individuals such as collection agencies and motor clubs. PPG administers the licensing program and continuing education requirements for individuals engaged in the sale of insurance to ensure that the insurance sales force (from whom the public purchases insurance) are knowledgeable and treat consumers in a fair and honest manner. PPG also handles complaints filed on entities/individuals regulated by PPG. Where warranted, insurance agency examinations are conducted as a part of resolving complaints. In reviewing the marketplace through these numerous activities, recommendations are made for legislative reforms needed to protect consumers. PPG also collects and reviews premium tax filings submitted on behalf of surplus lines (non-admitted) insurers doing business in North Carolina, as well as other fees associated with the licensing and continuing education of individuals regulated by PPG.

**101702-DOI 1831 INDUSTRIAL COMMISSION ADM BC 13902**

The Industrial Commission administers and adjudicates workers' compensation claims for work related accidents and occupational diseases through form review, agreement evaluation, mediation, trials and appeals. Claims involve medical, disability, and other benefits required by the Workers' Compensation Act and provided through private insurance carriers or self-insurance for employers with three or more employees. The Commission sets and monitors fees of health care providers; regulates delivery of rehabilitation services; reviews the status of insurance coverage for employers subject to the Workers' Compensation Act; and investigates and prosecutes violations of the Workers' Compensation Act. The Industrial Commission also serves as the court of original jurisdiction for claims arising under the State Tort Claims Act; the Childhood Vaccine-Related Injury Act; the Public Safety Employees' Death Benefits Act; and the Compensation to Persons Erroneously Convicted of Felonies Act.

**204000-DOI 2000 INSURANCE REGULATORY FUND BC 23900**

The Insurance Regulatory Fund was established in statute (G.S. 58-6-25) by the 1991 General Assembly as an interest bearing account used to collect regulatory charges on insurance company premium taxes (1.9%) and other fees collected under G.S. 58-69 through 58-71 and G.S. 143-9 and 143-9C such as receipts collected for continuing education, manufactured housing, and building code book sales. Funds are used to reimburse the General Fund for money appropriated to the DOI to pay for expenses incurred in regulating the insurance industry. Reimbursement to the state's General Fund is made by deposits to DOI budget code 19951 for repayment of DOI's actual expenses plus interest.

**204001-DOI 2001 CONSUMER PROTECTION FUND BC 23900**

The Consumer Protection Fund pays for outside actuaries, economists, attorneys, consultants, court reporters, and others to work in support of highly technical and complex insurance rate review and rate litigation cases, other insurance regulatory work, asset recovery in connection with insurance company delinquency proceedings, and the defense of civil litigation brought against the Commissioner and his deputies. The rate work supported by this fund results in administrative hearing orders, appellate court decisions, and other legal documents which set the amount of premiums that insurers can charge North Carolina insureds and/or must refund to North Carolina insureds. Monies are appropriated from the State's General Fund and are refunded by the DOI's Regulatory Surcharge Fund. G.S. 58-2-215.

The Fire Safety Standard and Firefighter Protection Act Enforcement Fund was established by GS 58-92, which was written to regulate the manufacturing of cigarettes in North Carolina to insure they are low propensity, or fire safe. The fund is generated by license fees paid by cigarette manufacturers to register cigarette brands based on testing to fire safe standards. The funds purpose is to provide processing, testing, enforcement, fire safety and oversight activities. For the purposes of this fund fire safety shall include community education and outreach, and the provision and installation of fire safety devices in high-risk and/or high need locations throughout the state.

The Home Inspector Licensure Fund established in G.S. 143-151 regulates the practice of Home Inspections. The purpose is to safeguard health and safety by licensing qualified individuals to perform home inspections, verifying that inspectors receive the proper training, and ensuring inspectors perform services within the statutory authority of the General Statutes. The goal of this service is to protect the public by preventing unqualified individuals from performing inspections and subsequently not identifying a health or safety issue. Funding is provided by initial and renewal licenses fees.

The project focuses on proper disposal of unused and expired medications to reduce accidental poisonings, substance abuse, as well as protecting our drinking water. Since 1999, approximately 6,900 people in North Carolina have died from prescription drug poisoning and this exceeds the stats from across the nation. During 2014, the statewide take back program in local communities and counties across NC included over 100 agencies and more than 200 events in addition to outreach to 150 permanent drop boxes. At the spring event, over 12 million dosages were collected. This program has the potential to reduce the number of poisonings by reducing access to medications that children are exposed to. Funding is from the North Carolina Association of Insurance Agents (NCAIA).

The Office of the State Fire Marshal has developed an outreach program to help develop future fire service members. By partnering with the High School Firefighter programs across the state the top students are selected to attend a one week program. The goal of the program is to help students develop a solid foundation for their career path. Challenging scenarios and training are also included to evolve their technical knowledge as well. The program offers the student challenging advanced training in hazardous materials, high angle rescue, firefighting, career planning/development, and leadership. Science, technology and math are also emphasized to show the importance of the courses they are taking in high school to develop a distinct relationship between the fire service and high school studies. This funding is from the North Carolina Association of Insurance Agents (NCAIA).

The Firemen's Relief Fund (FRF) benefit (GS 58-84-1 through 58-84-55) was passed into law in 1907. Its purpose was to financially assist firefighters that may have been injured while volunteering their service to their community. This legislation was passed to ensure that no firefighter would become destitute. One-half of one percent of the fire and lightning portion of property insurance within a rated/certified fire district funds the program.

**602320-DOI 6000 VOLUNTEER SAFETY WORKERS COMP FUND BC 63902**

The Volunteer Safety Fund began operations on 07/01/96 in the state of North Carolina. It provides workers' compensation coverage to volunteer safety workers who are members of a volunteer fire department or volunteer rescue/EMS unit. The fund operates as an expendable trust fund as part of the North Carolina Department of Insurance. The volunteers themselves pay premiums to the fund and this money, along with the revenues from taxes collected, is the source of funding. The fund charges member volunteer units a fixed per capita premium, which is reviewed annually. Any unused part of the state funding remains in the fund. The fund also retains any interest and investment income earned. GS58-87-10(f)(3)a), effective April 1, 2016, the funds receives twenty percent (20%) of the net proceeds from the tax collected under G.S. 105-228-.5(d)(3).

The purpose of the fund (GS 58-31-1) is to insure all state owned buildings and contents against loss by fire, wind and other catastrophic events. The State Property Fire Insurance Fund is the state's self-insurance plan for paying for losses to the state's property. The fund is presently providing insurance coverage for approximately 14,000 buildings, as well as the contents in these buildings and about 1,250 lease locations with combined values of \$33.9 billion. Losses to the state's property are investigated and adjusted by the Department of Insurance's Risk Management Division and are paid from the fund with the approval of the Council of State.

Per G.S. 58-31-50, this fund is used to provide liability insurance on every state-owned motor vehicle, including vehicles held by the states' participating component units. The state is self-insured for the first \$1 million of any loss through a retrospective rated plan. The plan purchases excess insurance through a private insurer to cover losses greater than \$1 million up to \$10 million per occurrence. Covered losses include those that occur with vehicles and self-propelled equipment that are not on a stationary track or rail, and federal vehicles when the Governor calls out the National Guard.
