The Office for Historically Underutilized Businesses (HUB) serves as an advocate to increase opportunities for minorities, women and persons with disabilities and those who are socially and economically disadvantaged in state government procurement and contracting. The HUB Office works to increase the amount of goods and services acquired by state agencies from HUB vendors; works to eliminate barriers that limit HUB participation; administers the State Wide Uniform Certification program per NC General Statute 143-128.2 to certify HUB vendors as well as the NC Small Business Enterprise certification program, originally created under Executive Order 143. The HUB Office encourages state purchasing officials to identify and utilize HUB vendors and reports on HUB utilization per NC General Statutes 143-131, 142-128.3 and 143-48.

The Division of Non-Public Education (DNPE) is a legislatively authorized monitoring agency that determines if non-public schools (both conventional and home) are meeting the statutory requirements of G.S. 115C, Article 39. DNPE assesses non-public schools to verify that all private elementary and secondary schools are meeting those requirements by periodically inspecting certain school records; by performing annual on-site school inspections and home-school record reviews; by compiling and maintaining statistical data; and by sending and receiving annual reports. DNPE also oversees the non-public school student driving eligibility certificate program; verifies to outside agencies the legal status of both conventional and home-schools to issue transcripts and diplomas; disseminates information about non-public school requirements; and provides other constituency support services.

It is the mission of the North Carolina Council for Women & Youth Involvement (CFWYI) to advise the governor, legislature, and state departments on issues that impact North Carolina's women and youth. The division was renamed NC Council for Women and Youth Involvement by the General Assembly in 2016 and budget responsibility now includes 2 staff who provide oversight to the NC State Government Internship Program and State Youth Councils. The agency approves Domestic Violence Intervention Programs (DVIPs) utilized by the North Carolina Court system to rehabilitate those who have committed acts of domestic or interpersonal violence, distributes state funding to Domestic Violence and Sexual Assault victim service providers across the state that provide critical support services such as counseling, shelter, and emergency room advocacy or court accompaniment, and provides training and technical assistance to those programs. The division also provides anti-human trafficking training and technical assistance to grantees. This fund is one of four CFWYI operating funds (funds 101813, 101815, 101819, and 101820).

**101821-DOA 1810 STATE ETHICS COMMISSION BC 14100**

The State Ethics Commission's purpose is to implement, administer, and enforce North Carolina's State Government Ethics Act and Lobbying Law including the gift ban, conflict of interest standards, financial interest disclosure requirements, and ethics education requirements applicable to approximately 7,000 State officials including members of the General Assembly, senior-level Cabinet and Council of State officials, judges, district attorneys, and clerks of court. The Commission also provides advice regarding the Lobbying Law's registration and reporting requirements applicable to lobbyists and lobbyist employers. The Commission fulfills that purpose by offering required education presentations to public officials, issuing formal and informal advisory opinions to persons subject to the Ethics Act and Lobbying Law; receiving, investigating and resolving complaints alleging violations of both laws; and receiving, reviewing, and preparing written evaluations of State official's financial interest disclosure forms ("Statements of Economic Interest"). The Commission serves all three branches of state government with the overall goal of identifying and preventing conflicts of interest in public service and thereby fostering public confidence in all aspects of State government.

On 7/1/18 State Ethics was moved from being a separate agency to State Board of Elections.  
 On 2/1/19 State Ethics was moved back to being a separate agency.

**101823-DOA 1861 COMMISSION ON INDIAN AFF BC 14100**

The statutory purpose of the NC Commission of Indian Affairs is to deal fairly and effectively with Indian Affairs, serve as a state-level advocacy agency to address issues associated with the plight of American Indians, Indian tribes, organizations, and Indian communities, to bring local, state and federal resources into the state, to provide aid and protection as needs are demonstrated, to consider land in Trust Petitions from state-recognized tribes and hold land into the trust upon request from tribes, to assist Indian communities in the areas of social and economic development, collaborate with local, state and federal agencies to assure cultural preservation, etc. The Commission has a legislative mandate to administer the state recognition procedures and to evaluate petitions for state recognition as they are received from non-recognized Indian groups. The Commission is also responsible for preventing undue hardships; promoting leadership development through conferences and workshops. The Commission promotes cultural diversity in state government and the historical rights of American Indians to pursue cultural and religious traditions considered by them to be sacred and meaningful (G.S. 143B 404-422). The Commission accomplishes its legislative mandate through collaborations and partnerships, with local, state, and federal agencies, and by tapping into local, state, and federal funding resources. The Commission administers programs designed to accomplish its purpose, such as Workforce Innovations Opportunities, Rental Housing Assistance; Education training; Economic Development; Domestic Violence and Sexual Assault, Indian Child Welfare, Low Income Energy Assistance, etc.

**204502-DOA 2825 NC INDIAN TOBACCO USE SUR BC 24100**

The North Carolina Tobacco Prevention and Control Branch (TPCB) works to improve the health of North Carolina residents by building capacity of diverse organizations and communities to carry out effective policy, media, and program services in four goal areas: 1) Prevent tobacco use initiation among youth and young adults; 2) Eliminate exposure to secondhand smoke; 3) Promote quitting among adults and youth; 4) Advance health equity by identifying and eliminating commercial tobacco product-related inequities and disparities.

The Commission of Indian Affairs shall work in collaboration with the TPCB staff and Wake Forest University School of Medicine researchers to administer a commercial tobacco use survey to members of NC tribes. Survey data shall be informative to state and tribal officials so these entities can better allocate commercial tobacco prevention.

The purpose of this grant is to implement the CDC's American Indian Adult Tobacco Survey across all tribes and Urban Indian Centers located in North Carolina as well as other American Indian persons living in NC.

The purpose of this project is to expand the capacity of rural American Indian communities to provide culturally relevant training, outreach and support to AI victims, tribal communities and resource providers. The target population is four of the largest tribes in NC: The Haliwa-Saponi, Lumbee, Sappony, and Waccamaw Siouan Tribes. Established relationships between the tribes and NCCIA already exist. We will utilize these to continue training AI advocates to provide victim services, outreach and educate local agencies, the tribal community, and law enforcement to serve AI victims and provide culturally specific services in NC.

Per federal regulations at 20 CFR 684.100(a), these programs support employment and training activities for American Indian, Alaska Native, and Native Hawaiian individuals. The Commission of Indian Affairs WIOA program is one of North Carolina's six Indian-controlled WIOA Section 166 grant recipients directly funded by the US Department of Labor. **700152-DOA 7215 STATE SURPLUS PROPERTY BC 74100**

State Surplus Property's mission is to manage the disposition for all "state owned" personal property (assets) through surplus sales, transfers, trade-ins, disposals or recycling by providing an audit trail of disposition services to state agencies and other governmental units on a cost reimbursement basis. Facilitation of the process requires collection, storage, management, and government of personal property owned by state government agencies to be made available to other state agencies. Access to available property is granted to political subdivisions and qualifying non-profit organizations, prior to the general public being granted access. Programs supported within the agency include Commodity Recycling (7215-2152), Outside Store Sales (7215-2153), Vehicles Disposition (7215-2155), General Property Disposition (7215-2156), and seized vehicles sales (7215-2157).

**700153-DOA 7218 MAIL SERVICE CENTER BC 74100**

With significant savings to State Agencies, the Mail Service Center (MSC) distributes the state's official USPS mail and Interagency mail. The MSC connects all 100 counties and the downtown Capitol complex with an efficient courier system that enables agencies to direct resources more specifically towards their own mission. The MSC currently provides a variety of service lines to State Agencies that include delivery/pickup of mail, dispatching mail, pickup/delivery of PPE materials, supplies, metering mail, and the preparation of presorted mail. MSC is responsible for processing and delivering sensitive biohazard samples from all local health departments and environmental clinics to the North Carolina State Public Health Laboratory on a daily basis, as well as water and milk samples from Agriculture and DEQ collection sites to their main laboratories in Raleigh, North Carolina. Additionally, MSC transports the evidence submitted by county sheriff's departments that needs to be analyzed by various SBI laboratories including Raleigh. MSC also offers a system that allows agencies outside of Wake County to process first class mail and packages without the need to lease a meter through a third party. Additionally, the MSC offers consultation services for mailings and postage purchases.

140-Office of the State Controller

24160-State Controller - Special

204908-OSC 2500 ESCHEATS - STATE AGENCIES BC 24160

By North Carolina law, unclaimed property must be escheated to the State of North Carolina. Unclaimed property consists of bank accounts, wages, utility deposits, insurance policy proceeds, stocks, bonds, and contents of safe deposit boxes that typically have been abandoned for one to five years. Escheated funds from state agencies are collected by OSC and placed in this fund. All other escheated funds are turned over to the Department of State Treasurer for safekeeping. The Office of State Controller has used escheated funds to help fund the Enhancing Accountability in Government through Leadership and Education (EAGLE) program that was passed by Session Law 2007-520, House Bill 1551.

140-Office of the State Controller

74170-State Controller - Workers' Comp Cost Containment

740001-NCFLEX/WC 7401 AOC BC 74170

All North Carolina State Government employees are covered under the State Government Workers' Compensation Program. This includes all agency and university employees and officers. It also includes all state elected officials, members of the General Assembly or those appointed by the Governor to serve on a per diem, part-time or fee basis. It covers full-time employees, part-time employees and temporary employees. The law provides medical and disability compensation including a weekly compensation benefit for time lost from work which is 66 2/3% of the employee's average weekly wages up to a maximum established annually by the North Carolina Industrial Commission. These benefits are paid by a third party that is funded through this budget code. Each agency that is a part of the State's worker compensation program has its own fund code to track expenditures for that agency.

140-Office of the State Controller

74170-State Controller - Workers' Comp Cost Containment

740070-NCFLEX/WC 7470 DEPT OF TRANSPORTATION BC 74170

All North Carolina State Government employees are covered under the State Government Workers' Compensation Program. This includes all agency and university employees and officers. It also includes all state elected officials, members of the General Assembly or those appointed by the Governor to serve on a per diem, part-time or fee basis. It covers full-time employees, part-time employees and temporary employees. The law provides medical and disability compensation including a weekly compensation benefit for time lost from work which is 66 2/3% of the employee's average weekly wages up to a maximum established annually by the North Carolina Industrial Commission. These benefits are paid by a third party that is funded through this budget code. Each agency that is a part of the State's worker compensation program has its own fund code to track expenditures for that agency.

**208902-DMVA 2227 VETERANS BURIAL BC 23050**

The purpose of this fund is to track receipts and expenditures associated with the provision of burial plots to eligible North Carolina veterans in one of four state veterans cemeteries: Black Mountain, Jacksonville, Spring Lake, and Goldsboro. The burial receipt funds consist of VA burial allowances and dependent burial fees. The majority of the receipt funds are used to fund cemetery employee salaries.

**104402-DIT 1245 HIE NETWORK BC 14660**

This new Fund will track the budget and expenditures related to the Health Information Exchange (HIE) Network. The HIE budget will be tracked in the Department of Information Technology (DIT) General Fund, budget code 14660.

SFY2015-17 Budget Bill (House Bill 97) appropriated recurring and non-recurring dollars to the NC Department of Health and Human Services (NCDHHS) and directs the transfer of the HIE Network to the State Chief Information Officer (SCIO).

The HIE is intended to improve the quality of health care delivery within this State by facilitating and regulating the use of a voluntary, statewide health information exchange network for the secure electronic transmission of individually identifiable health information among health care providers, health plans, and health care clearinghouses in a manner that is consistent with the Health Insurance Portability and Accountability Act, Privacy Rule and Security Rule, 45 C.F.R. §§ 160, 164.

The purpose of this fund is to account for the activity supporting the Federal SLIGP grant ("FirstNet"). The grant began July 1, 2014 and will end June 30, 2016. Using the State's "NC Connect" framework as the basic operating vehicle, this grant is to be used to identify, plan, and implement "the most efficient and effective means to use and integrate the infrastructure, equipment, and other architecture associated with the nationwide public safety broadband network to the wireless broadband and data services needs" of North Carolina.

**209064-DIT GIS CONFERENCE BC 24667**

This fund supports the bi-annual Geospatial Intelligence Systems (GIS) Conference. The conference is mostly self-supported through conference fees, and this fund was created to track the funding and expenses separate from the operating funds of Center for Geographic Analysis (CGIA) so they don't get intermixed.

DIT NOTE- There is a fund already for this in BC 74660. It is 700506. However, DIT management would like for this existing fund to be moved out of this budget code because it is believed that BC 74660 is more for the Internal Service Fund (rates and billings). Therefore, we want to quit using that fund and create this fund. This fund supports the bi-annual Geospatial Intelligence Systems (GIS) Conference. The conference is mostly self-supported through conference fees, and this fund was created to track the funding and expenses separate from the operating funds of Center for Geographic Analysis (CGIA) so they don't get intermixed. Also, each year the conference is held the cash left after paying all the vendors and other bills is used as seed money for planning the next conference.

**209065-DIT STATEWIDE IT PROCUREMENT BC 24667**

The purpose of this Fund is to account for the activity of the Statewide IT Procurement division of the Office of Information Technology Services.

Statewide IT Procurement is currently budgeted in Fund 7101. This fund (7101) is the administrative fund for ITS and all costs for each center in this fund with the exception of 7100-1030 are allocated out to the revenue generating services provided by ITS. Due to the fact that Statewide IT Procurement is receipt supported through fees charged to its customers, authorization is requested to establish a new fund in which to budget Statewide IT Procurement. The establishment of a new fund for Statewide IT Procurement will allow for this budget to no longer be "commingled" with allocated cost centers and treated like the other revenue generating services in ITS. Unlike the other cost centers in Fund 7100, Statewide IT Procurement generates its own receipts from state agencies and vendors doing business with the state. Whereas those other cost centers such as the Office of the CIO, Fiscal Services and HR, do not generate any receipts are supported through overhead allocations.

**209150-DIT 2900 911 BOARD BC 24669**

This fund provides specific use funding to local 911 centers, called PSAPs (Public Safety Answering Points), 911 deployment cost recovery to wireless phone providers referred to as CMRS (Commercial Mobile Radio Service) providers, and supports the administrative costs of operating the North Carolina 911 Board. The goal for this fund is to provide seamless statewide access to first responders with accurate location and contact information of persons requiring emergency response. The fund has restricted uses for both the PSAPs and the CMRS providers. These restrictions are limited to the deployment and maintenance of 911 systems in North Carolina. To ensure funds are distributed and expended properly, the administrative portion of the fund provides for staffing and support of the 17 member 911 Board. Staff provides liaison support to the PSAPs and to the CMRS providers. Also, financial oversight for distribution to, and expenditures by, both the PSAPs and CMRS providers is provided by the 911 staff.

This Fund supports the bi-annual Geospatial Intelligence Systems (GIS) Conference. The conference is mostly self-supported through conference fees, and this fund was created to track the funding and expenses separate from the operating funds of Center for Geographic Analysis (CGIA) so they didn't get intermixed.

The purpose of this fund is to account for the collections of the Unauthorized Substance Tax levied under G.S. 105.113.105. These funds are deposited to a Special Account, which is established as a non-reverting account. The Secretary shall credit the proceeds of the tax levied by this Article to the account. Pursuant to paragraph (b) of G.S. 105-113.113, the Secretary shall distribute 75% of the unencumbered tax proceeds of the Unauthorized Substance Tax that were collected by assessment to the state or local law enforcement agency that conducted the investigation of a dealer that led to the assessment. The Secretary shall credit the remaining unencumbered tax proceeds (25%) in the account to the General Fund. Any refunds of Unauthorized Substance Tax collections are made from this fund. The refund of taxes that have already been distributed to local law enforcement shall be subtracted from succeeding distributions to that law enforcement agency.

The purpose of this fund is to account for the receipts of the fee to apply for the credits under Article 3A and 3J of General Statute 105. Article 3A was repealed January 1, 2007 and replaced with Article 3J. The department no longer receives any receipts from these fees as Article 3J was also repealed but the fund does have a cash balance.

This fund accounts for the activity related to fees collected on each tax payment made by taxpayers that choose to pay by merchant (credit) card. The Department of Revenue was given the authority in 2002 to levy a fee on merchant card transactions pursuant to Article A of Chapter 66 (66-58.12). The purpose of the Human Relations Commission is to provide services and programs for improving relationships among all citizens of the State, ensuring equal opportunity in the areas of housing, public accommodations, education, justice, government services and employment. The Commission's target population includes all people whose civil rights and fair housing rights may have been violated or are perceived to have been violated. To execute these responsibilities, this division uses: 1) persuasion and legal action to enforce the State Fair Housing Act (N.C.G.S. Ch. 41A); 2) outreach presentations conducted throughout the state to increase awareness of the State and Federal Fair Housing Acts; 3) training about cultural diversity appreciation to governmental agencies, their staff, local Human Relations Commissions, Community-Based organizations and State agencies to promote understanding and respect; 4) identification of potentially disruptive issues that may result in conflicts; and 5) support and collaboration with local Human Relations Commissions throughout the State. The program transferred as a Type 1 transfer from Department of Administration to the Office of Administrative Hearings(OAH) in FY 2018.

This fund tracks activity related to the implementation of the Case Management System. This system maintains e-filing capabilities for the Hearings division Case Management System to allow external party filing through the OAH web portal and online access to case files. This provides instant access and anytime information to participants in a contested hearing. This fund also tracks e-filing capabilities added to the rules system.

This fund accounts for activities related to the Department of Housing and Urban Development (HUD) awards to the NC Human Relations Commission's (NCHRC) Fair Housing Assistance Program (FHAP) to investigate complaints of housing discrimination and enforce the State and Federal Fair Housing Acts. HUD funds assist the NCHRC staff to carry out this responsibility. This division delivers Fair Housing training to public and private organizations, including property owners and landlords, across the State. NCHRC staff are trained in Fair Housing training courses and workshops sponsored by HUD. The Human Relations Commission transferred as a Type 1 transfer from Department of Administration to the Civil Rights Division of the Office of Administrative Hearings(OAH) in FY 2018.

The Auctioneer Licensing Board is responsible for the administration and enforcement of the Auctioneers Law, which establishes specific standards of conduct that serve to protect the public; affords a means of redress of grievances of any person suffering damage by reason of misconduct relating to sales at auction and provides a means of monetary restitution for loss suffered.

Licensing auctioneers and auction businesses increases public confidence in the profession by providing a means of determining the ability, general knowledge, integrity, and good character of those permitted to practice, and a means of deterring fraudulent or dishonest dealings and unethical conduct.

It is the responsibility of the Auctioneer Licensing Board to assure that the qualifications and activities of those engaged in auctioneering are in accord with the law and in the best interest of the public; to receive and act upon license applications; issue, suspend or revoke licenses; adopt rules and regulations, and take such other actions as may be necessary to enforce the provisions of the Auctioneers Law. The Licensing Board is not a board of arbitration and has no jurisdiction to settle disputes between parties concerning the rate or division of commissions, pay of assistants, and similar matters of contract.

The Board holds monthly public meetings; sponsors and underwrites educational seminars and other forms of educational projects having to do with the advancement of the auction profession in North Carolina; administers auctioneer examinations; investigates complaints, and holds administrative hearings as needed.
