SUBJECT: Increase in the Cost of a State Capital Project

Pursuant to G.S. 143C-8-8, a State Agency may increase the cost of a capital project with gifts, federal or private grants, special fund receipts, or direct capital improvement appropriations if the increase is in the best interest of the State. The Wildlife Resources Commission (WRC) has requested to increase its 2021 Non-General Fund Infrastructure Repair and Renovation Budget Fund by \$789,207.16 to \$2,289,207.16 to perform needed infrastructure work in the Armstrong Fish Hatchery Raceways. The source of funds are receipts available to the Commission.
