MEMORANDUM

TO: Joint Legislative Commission on Governmental Operations

FROM: Charles Perusse Charles Perusse

SUBJECT: Deviation Request from Department of Public Safety, Division of Adult

Correction Canteen Accounts

Pursuant to G.S. 143C-6-4 (b1) Prior consultation with Governmental Operations is required when the over expenditure would cause a department's total requirements for a fund to exceed the department's certified budget for a fiscal year for that fund by more than three percent (3%) prior to authorizing the over expenditures.

The North Carolina Department of Public Safety, Division of Adult Correction, is requesting to budget over realized receipts in the amount of \$3,428,914 to address budgeted amounts required to cover Adult Corrections Canteen Fund purchases for resale supplies and transfer for funds to Welfare. This will eliminate negative line-item account balances required to close out the 2021-22 fiscal year.

The largest share of the over expenditure is related to the Purchase for Resale category under supplies. The receipts realized in this budget code come from inmate purchases in the canteens in the various facilities. The funds received are then reused to replenish the items in the canteens. This results in the net effect of zero (0) in the budget code. The amounts received and spent fluctuate from year to year and it is hard to project the needs based population and demand within the facilities.

Please see the attached Deviation Exception Request Form.
